A. Basis of Presentation and Accounting Policies

Basis of Presentation

The accompanying condensed consolidated financial statements are unaudited and have been prepared by Vertex Pharmaceuticals Incorporated ("Vertex" or the "Company") in accordance with accounting principles generally accepted in the United States of America ("GAAP").

The condensed consolidated financial statements reflect the operations of the Company and its wholly-owned subsidiaries. The Company's condensed consolidated financial statements for the interim period ended June 30, 2018 also include the financial results of BioAxone Biosciences, Inc. ("BioAxone"), a variable interest entity ("VIE") that the Company consolidated from 2014 through December 31, 2018. All material intercompany balances and transactions have been eliminated. The Company operates in one segment, pharmaceuticals. The Company has reclassified certain items from the prior year's condensed consolidated financial statements to conform to the current year's presentation.

Certain information and footnote disclosures normally included in the Company's 2018 Annual Report on Form 10-K have been condensed or omitted. These interim financial statements, in the opinion of management, reflect all normal recurring adjustments necessary for a fair presentation of the financial position and results of operations for the interim periods ended June 30, 2019 and 2018.

The results of operations for the interim periods are not necessarily indicative of the results of operations to be expected for the full fiscal year. These interim financial statements should be read in conjunction with the audited financial statements for the year ended December 31, 2018, which are contained in the 2018 Annual Report on Form 10-K.

Use of Estimates

The preparation of condensed consolidated financial statements in accordance with GAAP requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the condensed consolidated financial statements, and the amounts of revenues and expenses during the reported periods. Significant estimates in these condensed consolidated financial statements have been made in connection with the calculation of revenues, research and development expenses, goodwill, deferred tax asset valuation allowances and the provision for or benefit from income taxes. The Company bases its estimates on historical experience and various other assumptions, including in certain circumstances future projections that management believes to be reasonable under the circumstances. Actual results could differ from those estimates. Changes in estimates are reflected in reported results in the period in which they become known.

Recently Adopted Accounting Standards

Leases

In 2016, the FASB issued ASU No. 2016-02, *Leases (Topic 842)* ("ASC 842"), which amends a number of aspects of lease accounting and requires entities to recognize right-of-use assets and liabilities on the balance sheet. ASC 842 became effective on January 1, 2019. The Company has finalized its review of its portfolio of existing leases and current accounting policies and has concluded that the amended guidance results in the recognition of additional assets and corresponding liabilities on its balance sheets. The Company also has finalized changes to its controls to address the adoption and ongoing lease accounting and related disclosure requirements of the new standard.

Until December 31, 2018, the Company applied build-to-suit accounting and was the deemed owner of its leased corporate headquarters in Boston and research site in San Diego, for which it was recognizing depreciation expense over the buildings' useful lives and imputed interest on the corresponding construction financing lease obligations. Under the amended guidance that became effective January 1, 2019, the Company accounts for these buildings as finance leases, resulting in increased depreciation expense over the respective lease terms of approximately 15 years, which are significantly shorter than the buildings' useful lives of 40 years. The Company also expects a reduction in its imputed interest expense in the initial years of each finance lease term. In 2019, the Company expects an increase in operating expenses of approximately $26 million and a decrease in interest expense of approximately $13 million due to this change.

VERTEX PHARMACEUTICALS INCORPORATED
Notes to Condensed Consolidated Financial Statements
(unaudited)

In July 2018, the FASB issued ASU No. 2018-11, *Leases (Topic 842): Targeted Improvements* ("ASU 2018-11"), which offered a transition option to entities adopting ASC 842. Under ASU 2018-11, entities could elect to apply ASC 842 using a modified-retrospective adoption approach resulting in a cumulative effect adjustment to accumulated deficit at the beginning of the year in which the new lease standard is adopted, rather than adjustments to the earliest comparative period presented in their financial statements. The Company adopted ASC 842 using the modified-retrospective method. As of January 1, 2019, the Company recorded a cumulative effect adjustment to increase its "Accumulated deficit" by $40.3 million related to the adjustments to its build-to-suit leases described in the previous paragraph.

The Company elected the package of transition practical expedients for leases that commenced prior to January 1, 2019, allowing it not to reassess (i) whether any expired or existing contracts contain leases, (ii) the lease classification for any expired or existing leases and (iii) the initial indirect costs for any existing leases.

Additionally, the Company recorded, upon adoption of ASC 842 on January 1, 2019, operating lease assets of $61.7 million and corresponding liabilities of $71.9 million related to its real estate leases that are not treated as finance leases under ASC 842. The difference between these assets and liabilities is primarily attributable to prepaid or accrued lease payments. The Company also reclassified amounts that were recorded as "Capital lease obligations, current portion" and "Capital lease obligations, excluding current portion" as of December 31, 2018 to "Other current liabilities" and "Long-term finance lease liabilities," respectively, on January 1, 2019. These adjustments had no impact on the Company's condensed consolidated statement of operations and had no impact on the Company's accumulated deficit.

The cumulative effect of applying ASC 842 on the Company's condensed consolidated balance sheet as of January 1, 2019 was as follows:

	Balance as of December 31, 2018 ^	Adjustments	Balance as of January 1, 2019

^ As reported in the Company's 2018 Annual Report on Form 10-K.

Please refer to Note K, "Leases," for further information regarding the Company's leases as well as certain disclosures required by ASC 842.

Derivatives and Hedging

In 2017, the FASB issued ASU 2017-12, *Derivatives and Hedging (Topic 815)* ("ASU 2017-12"), which helps simplify certain aspects of hedge accounting and enables entities to more accurately present their risk management activities in their financial statements. ASU 2017-12 became effective January 1, 2019. The adoption of ASU 2017-12 did not have a significant effect on the Company's condensed consolidated financial statements.

Recently Issued Accounting Standards

Internal-Use Software

In 2018, the FASB issued ASU 2018-15, *Intangibles—Goodwill and Other—Internal-Use Software (Subtopic 350-40): Customer's Accounting for Implementation Costs Incurred in a Cloud Computing Arrangement That Is a Service Contract* ("ASU 2018-15"), which clarifies the accounting for implementation costs in cloud computing arrangements. ASU 2018-15 is effective on January 1, 2020. Early adoption is permitted. The Company currently is evaluating the impact the adoption of ASU 2018-15 may have on its condensed consolidated financial statements.

Fair Value Measurement

In 2018, the FASB issued ASU 2018-13, *Fair Value Measurement (Topic 820): Disclosure Framework-Changes to the Disclosure Requirements for Fair Value Measurement* ("ASU 2018-13"), which modifies the disclosure requirements for fair value measurements. ASU 2018-13 is effective on January 1, 2020. Early adoption is permitted. The Company currently is evaluating the impact the adoption of ASU 2018-13 may have on its disclosures.

Credit Losses

In 2016, the FASB issued ASU 2016-13, *Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments* ("ASU 2016-13"), which requires entities to record expected credit losses for certain financial instruments, including trade receivables, as an allowance that reflects the entity's current estimate of credit losses expected to be incurred. For available-for-sale debt securities in unrealized loss positions, ASU 2016-13 requires allowances to be recorded instead of reducing the amortized cost of the investment. ASU 2016-13 is effective on January 1, 2020. Early adoption is permitted. The Company currently is evaluating the impact the adoption of ASU 2016-13 may have on its condensed consolidated financial statements.

Summary of Significant Accounting Policies

The Company's significant accounting policies are described in Note A, "Nature of Business and Accounting Policies," in its 2018 Annual Report on Form 10-K. The Company is disclosing changes in its accounting policies related to guidance that became effective January 1, 2019 in this Quarterly Report on Form 10-Q. Specifically, the Company has included its policy pursuant to its adoption of ASC 842 below.

Leases

At the inception of an arrangement, the Company determines whether the arrangement contains a lease. If a lease is identified in an arrangement, the Company recognizes a right-of-use asset and liability on its balance sheet and determines whether the lease should be classified as a finance or operating lease. The Company does not recognize assets or liabilities for leases with lease terms of less than 12 months.

A lease qualifies as a finance lease if any of the following criteria are met at the inception of the lease: (i) there is a transfer of ownership of the leased asset to the Company by the end of the lease term, (ii) the Company holds an option to purchase the leased asset that it is reasonably certain to exercise, (iii) the lease term is for a major part of the remaining economic life of the leased asset, (iv) the present value of the sum of lease payments equals or exceeds substantially all of the fair value of the leased asset, or (v) the nature of the leased asset is specialized to the point that it is expected to provide the lessor no alternative use at the end of the lease term. All other leases are recorded as operating leases.

Finance and operating lease assets and liabilities are recognized at the lease commencement date based on the present value of the lease payments over the lease term using the discount rate implicit in the lease. If the rate implicit is not readily determinable, the Company utilizes its incremental borrowing rate at the lease commencement date. Operating lease assets are further adjusted for prepaid or accrued lease payments. Operating lease payments are expensed using the straight-line method as an operating expense over the lease term. Finance lease assets are amortized to depreciation expense using the

straight-line method over the shorter of the useful life of the related asset or the lease term. Finance lease payments are bifurcated into (i) a portion that is recorded as imputed interest expense and (ii) a portion that reduces the finance liability associated with the lease.

The Company does not separate lease and non-lease components when determining which lease payments to include in the calculation of its lease assets and liabilities. Variable lease payments are expensed as incurred. If a lease includes an option to extend or terminate the lease, the Company reflects the option in the lease term if it is reasonably certain it will exercise the option.

Finance leases are recorded in “Property and equipment, net,” “Other current liabilities” and “Long-term finance lease liabilities” on the Company’s condensed consolidated balance sheet. Operating leases are recorded in “Operating lease assets,” “Other current liabilities” and “Long-term operating lease liabilities” on the Company’s condensed consolidated balance sheet.

B. Revenue Recognition

Disaggregation of Revenue

Revenues by Product

Product revenues, net consisted of the following:

Net product revenues are attributed to countries based on the location of the customer. Collaborative and royalty revenues are attributed to countries based on the location of the Company’s subsidiary associated with the collaborative arrangement related to such revenues. Total revenues from external customers and collaborators by geographic region consisted of the following:

In the three and six months ended June 30, 2019 and 2018, revenues attributable to Germany contributed the largest amount to the Company’s European revenues.

French Early Access Programs

In 2015, the Company began distributing ORKAMBI through early access programs in France and it continues to be engaged in ongoing discussions regarding the price for ORKAMBI in France. The Company expects that the difference

between the amounts it has collected to date based on the invoiced price and the agreed-upon price for ORKAMBI in France will be returned to the French government.

Pursuant to the revenue recognition accounting guidance that was applicable until December 31, 2017, the Company's ORKAMBI net product revenues for 2015, 2016 and 2017 did not include any net product revenues from sales of ORKAMBI in France because the price was not fixed or determinable at the time of delivery. Upon adopting ASU 2014-09, *Revenues from Contracts with Customers (Topic 606)*, in the first quarter of 2018, the Company began recognizing net product revenues in France based on a transaction price that reflects its estimate of consideration it expects to retain that will not be subject to a significant reversal in amounts recognized. The Company's refund liability representing the difference between the amounts the Company has collected from the French government and the transaction price is classified as "Accrued expenses" on the Company's condensed consolidated balance sheets. If the Company's estimate regarding the amounts it will receive for ORKAMBI supplied pursuant to these early access programs changes, the Company will reflect the effect of the change in estimate in "Product revenues, net" in the period in which the change in estimate occurs.

Contract Liabilities

The Company recorded contract liabilities of $60.2 million and $24.9 million as of June 30, 2019 and December 31, 2018, respectively, related to annual contracts with government-owned and supported customers in international markets that limit the amount of annual reimbursement the Company can receive. Upon exceeding the annual reimbursement amount, products are provided free of charge, which is a material right. These contracts include upfront payments and fees. The Company defers a portion of the consideration received for shipments made up to the annual reimbursement limit as "Other current liabilities." The deferred amount is recognized as revenue when the free products are shipped. The Company's product revenue contracts include performance obligations that are one year or less.

In the majority of international markets in which the Company has a contract with an annual reimbursement limit, the annual period associated with the contract is the same as the Company's fiscal year, resulting in no contract liability balance at the end of the year and no revenues recognized in the current year related to performance obligations satisfied in previous years. Several of the Company's contract liabilities relate to contracts with annual reimbursement limits in international markets in which the annual period associated with the contract is not the same as the Company's fiscal year. In these markets, the Company recognizes revenues related to performance obligations satisfied in previous years; however, these amounts are not material to the Company's financial statements and do not relate to any performance obligations that were satisfied more than 12 months prior to the beginning of the current year.

C. Collaborative Arrangements and Acquisitions

The Company has entered into numerous agreements pursuant to which it collaborates with third parties on research, development and commercialization programs, including in-license and out-license agreements and acquisitions.

Certain of the Company's in-license and out-license agreements that had a significant impact on its financial statements for the three and six months ended June 30, 2019 and 2018, or were new during the three and six months ended June 30, 2019, are described below. Additional in-license and out-license agreements were described in Note B, "Collaborative Arrangements and Acquisitions," of the Company's 2018 Annual Report on Form 10-K.

In-license Agreements

The Company has entered into a number of license agreements in order to advance and obtain access to technologies and services related to its research and early-development activities. The Company is generally required to make an upfront payment upon execution of the license agreement; development, regulatory and commercialization milestones payments upon the achievement of certain product research, development and commercialization objectives; and royalty payments on future sales, if any, of commercial products resulting from the collaboration.

Pursuant to the terms of its in-license agreements, the Company's collaborators lead the discovery efforts and the Company leads all preclinical, development and commercialization activities associated with the advancement of any drug candidates and funds all expenses unless otherwise described below.

VERTEX PHARMACEUTICALS INCORPORATED
Notes to Condensed Consolidated Financial Statements
(unaudited)

The Company typically can terminate its in-license agreements by providing advance notice to its collaborators; the required length of notice is dependent on whether any product developed under the license agreement has received marketing approval. The Company's license agreements may be terminated by either party for a material breach by the other, subject to notice and cure provisions. Unless earlier terminated, these license agreements generally remain in effect until the date on which the royalty term and all payment obligations with respect to all products in all countries have expired.

CRISPR Therapeutics AG

In 2015, the Company entered into a strategic collaboration, option and license agreement (the "CRISPR Agreement") with CRISPR Therapeutics AG and its affiliates ("CRISPR") to collaborate on the discovery and development of potential new treatments aimed at the underlying genetic causes of human diseases using CRISPR-Cas9 gene-editing technology. The Company has the exclusive right to license certain CRISPR-Cas9-based targets. In connection with the CRISPR Agreement, the Company made an upfront payment to CRISPR of $75.0 million and an investment in CRISPR's stock. The Company has also made several subsequent investments in CRISPR's common stock, which has resulted in CRISPR becoming a related party of the Company. Please refer to Note F, "Marketable Securities and Equity Investments," for further information regarding the Company's investment in CRISPR's common stock.

For targets that the Company elects to license, other than hemoglobinopathy treatments, the Company leads all development and global commercialization activities. For each target that the Company elects to license, other than hemoglobinopathy targets, CRISPR has the potential to receive up to $420.0 million in development, regulatory and commercial milestones as well as royalties on net product sales. As part of the collaboration, the Company and CRISPR share equally all development costs and potential worldwide revenues related to potential hemoglobinopathy treatments, including treatments for beta thalassemia and sickle cell disease.

In 2017, the Company entered into a co-development and co-commercialization agreement with CRISPR pursuant to the terms of the CRISPR Agreement, under which the Company and CRISPR are co-developing and will co-commercialize CTX001 (the "CTX001 Co-Co Agreement") for the treatment of hemoglobinopathy, including treatments for sickle cell disease and beta thalassemia. The Company concluded that the CTX001 Co-Co Agreement is a cost-sharing arrangement, which results in the net impact of the arrangement being recorded in "Research and development expenses" in its condensed consolidated statements of operations. During the three and six months ended June 30, 2019 , the net expense related to the CTX001 Co-Co Agreement was $7.5 million and $14.6 million, respectively. During the three and six months ended June 30, 2018 , the net expense related to the CTX001 Co-Co Agreement was $5.2 million and $8.9 million, respectively.

In June 2019, the Company entered into a strategic collaboration and license agreement ("the CRISPR DMD/DM1 Agreement") with CRISPR, which became effective in July 2019 upon the expiration of the waiting period under the Hart-Scott Rodino Antitrust Improvements Act ("the HSR Act"). Pursuant to this agreement, Vertex received an exclusive worldwide license to CRISPR's existing and future intellectual property for duchenne muscular dystrophy ("DMD") and myotonic dystrophy type 1 ("DM1"). In July 2019, the Company remitted to CRISPR an upfront payment of $175.0 million, which it expects to record in "Research and development expenses" in the third quarter of 2019. CRISPR has the potential to receive up to $825.0 million in research, development, regulatory and commercial milestones for the DMD and DM1 programs as well as royalties on net product sales. CRISPR has the option to co-develop and co-commercialize all DM1 products globally and forego the milestones and royalties associated with the DM1 program. The Company will fund all expenses associated with the collaboration except for research costs for specified guide RNA research conducted by CRISPR, which the Company and CRISPR will share equally.

Kymera Therapeutics

In May 2019, the Company entered into a strategic research and development collaboration agreement (the "Kymera Agreement") with Kymera Therapeutics ("Kymera") to advance small molecule protein degraders against multiple targets. Pursuant to the Kymera Agreement, Kymera's proprietary platform technology is being applied in the collaboration activities in exchange for an upfront payment of $50.0 million. The Company has the exclusive right to license up to six protein targets, for each of which Kymera may receive up to $170.0 million in payments, including development, regulatory and commercial milestones as well as royalties on net product sales.

In addition to the upfront payment, the Company purchased $20.0 million of Kymera's preferred stock. The Company determined that the fair value of its investment in Kymera's preferred stock approximated $20.0 million and classified the investment, which does not have a readily determinable fair value, in "Other assets."

The Company determined that substantially all of the fair value of the Kymera Agreement was attributable to an in-process research and development asset and no substantive processes were acquired that would constitute a business. The Company concluded that it did not have any alternative future use for the acquired in-process research and development asset and recorded the $50.0 million upfront payment to "Research and development expenses."

BioAxone Biosciences, Inc.

The Company has licensed rights to certain drug candidates from these third-party collaborators, which has resulted in the consolidation of certain third-parties' financial statements into the Company's condensed consolidated financial statements as VIEs for certain periods of time. As of December 31, 2018, and continuing through the second quarter of 2019, the Company had no consolidated VIEs reflected in its financial statements.

In 2014, the Company entered into a license and collaboration agreement (the "BioAxone Agreement") with BioAxone, which resulted in the consolidation of BioAxone as a VIE beginning in October 2014. The Company deconsolidated BioAxone as of December 31, 2018 because it determined that it no longer was the primary beneficiary of BioAxone as it no longer had the power to direct the significant activities of BioAxone. Please refer to Note B, "Collaborative Arrangements and Acquisitions," in the Company's 2018 Annual Report on Form 10-K for further information on the deconsolidation of BioAxone.

In the six months ended June 30, 2018, the Company recorded net income attributable to noncontrolling interest of $15.9 million, which was primarily related to a $24.0 million increase in the fair value of the contingent payments payable by Vertex to BioAxone in the first quarter of 2018 due to (i) the expiration of an option held by the Company to purchase BioAxone in the first quarter of 2018 that increased the probability of a $10.0 million license continuation fee for VX-210 (which was ultimately paid in the first quarter of 2018) and (ii) the probability that additional milestone and royalty payments related to the BioAxone Agreement would be paid. Net income attributable to noncontrolling interest also included a $6.0 million provision for income taxes during the six months ended June 30, 2018 that was primarily related to the increase in the fair value of the contingent payments. The net loss attributable to noncontrolling interest in the three months ended June 30, 2018 was $1.1 million.

Acquisitions

Exonics Therapeutics

In June 2019, the Company entered into an agreement to acquire Exonics Therapeutics ("Exonics"), a privately held biotechnology company focused on creating transformative gene-editing therapies to repair mutations that cause DMD and other severe neuromuscular diseases, including DM1. In July 2019, the acquisition closed upon, among other things, the satisfaction of customary closing conditions and the expiration of the waiting period under the HSR Act, resulting in no financial statement impact during the three and six months ended June 30, 2019. At closing, the Company acquired all outstanding shares of Exonics and made an upfront payment of approximately $245.0 million with approximately $70.0 million in deferred payments, subject to customary closing adjustments. Exonics' equity holders may receive an additional $728.0 million upon the successful achievement of specified development and regulatory milestones for the DMD and DM1 programs. The Company will finalize the accounting treatment for the acquisition in the third quarter of 2019.

Out-license agreements

The Company has entered into licensing agreements pursuant to which it has out-licensed rights to certain drug candidates to third-party collaborators. Pursuant to these out-license agreements, the Company's collaborators become responsible for all costs related to the continued development of such drug candidates and obtain development and commercialization rights to these drug candidates. Depending on the terms of the agreements, the Company's collaborators may be required to make upfront payments, milestone payments upon the achievement of certain product research and development objectives and may also be required to pay royalties on future sales, if any, of commercial products resulting

from the collaboration. The termination provisions associated with these collaborations are generally the same as those described above related to the Company's in-license agreements. None of the Company's out-license agreements had a significant impact on the Company's condensed consolidated statement of operations during the three and six months ended June 30, 2019 and 2018.

Cystic Fibrosis Foundation

The Company has a research, development and commercialization agreement that was originally entered into in 2004 with Cystic Fibrosis Foundation ("CFF"), as successor in interest to the Cystic Fibrosis Foundation Therapeutics, Inc. This agreement was most recently amended in 2016 (the "2016 Amendment"). Pursuant to the agreement, as amended, the Company agreed to pay royalties ranging from low-single digits to mid-single digits on potential sales of certain compounds first synthesized and/or tested between March 1, 2014 and August 31, 2016, including VX-445 (elexacaftor), and tiered royalties ranging from single digits to sub-teens on any approved drugs first synthesized and/or tested during a research term on or before February 28, 2014, including KALYDECO (ivacaftor), ORKAMBI (lumacaftor in combination with ivacaftor) and SYMDEKO/SYMKEVI (tezacaftor in combination with ivacaftor). For combination products, such as ORKAMBI and SYMDEKO, sales are allocated equally to each of the active pharmaceutical ingredients in the combination product. There are no remaining commercial milestone payments payable by the Company to CFF pursuant to the agreement.

Pursuant to the 2016 Amendment, the Company received an upfront payment of $75.0 million and is receiving development funding from CFF of up to $6.0 million annually. The Company concluded that the upfront payment plus any future development funding represent a form of financing pursuant to ASC 730 and thus records the amounts as a liability on the condensed consolidated balance sheet, primarily reflected in "Long-term advance from collaborator." The Company reduces this liability over the estimated royalty term of the agreement and reflects the reductions as an offset to "Cost of sales" and as "Interest expense."

The Company has royalty obligations to CFF for ivacaftor, lumacaftor and tezacaftor until the expiration of patents covering those compounds. The Company has patents in the United States and European Union covering the composition-of-matter of ivacaftor that expire in 2027 and 2025, respectively, subject to potential patent extension. The Company has patents in the United States and European Union covering the composition-of-matter of lumacaftor that expire in 2030 and 2026, respectively, subject to potential extension. The Company has patents in the United States and European Union covering the composition-of-matter of tezacaftor that expire in 2027 and 2028, respectively, subject to potential extension.

D. Earnings Per Share

Basic net income per share attributable to Vertex common shareholders is based upon the weighted-average number of common shares outstanding during the period, excluding restricted stock, restricted stock units and performance-based restricted stock units, or "PSUs," that have been issued but are not yet vested. Diluted net income per share attributable to Vertex common shareholders is based upon the weighted-average number of common shares outstanding during the period plus additional weighted-average common equivalent shares outstanding during the period when the effect is dilutive.

E. Fair Value Measurements

The fair value of the Company's financial assets and liabilities reflects the Company's estimate of amounts that it would have received in connection with the sale of the assets or paid in connection with the transfer of the liabilities in an orderly transaction between market participants at the measurement date. In connection with measuring the fair value of its assets and liabilities, the Company seeks to maximize the use of observable inputs (market data obtained from sources independent from the Company) and to minimize the use of unobservable inputs (the Company's assumptions about how market participants would price assets and liabilities). The following fair value hierarchy is used to classify assets and liabilities based on the observable inputs and unobservable inputs used in order to value the assets and liabilities:

Level 1:	Quoted prices in active markets for identical assets or liabilities. An active market for an asset or liability is a market in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.
Level 2:	Observable inputs other than Level 1 inputs. Examples of Level 2 inputs include quoted prices in active markets for similar assets or liabilities and quoted prices for identical assets or liabilities in markets that are not active.
Level 3:	Unobservable inputs based on the Company's assessment of the assumptions that market participants would use in pricing the asset or liability.

The Company's investment strategy is focused on capital preservation. The Company invests in instruments that meet the credit quality standards outlined in the Company's investment policy. This policy also limits the amount of credit exposure to any one issue or type of instrument. The Company maintains strategic investments separately from the investment policy that governs its other cash, cash equivalents and marketable securities as described in "Note F, "Marketable Securities and Equity Investments." As of June 30, 2019, the Company's investments were in money market funds, U.S. Treasury securities, government-sponsored enterprise securities, corporate debt securities, commercial paper and corporate equity securities. Additionally, the Company utilizes foreign currency forward contracts intended to mitigate the effect of changes in foreign exchange rates on its condensed consolidated statement of operations.

As of June 30, 2019, all of the Company's financial assets and liabilities that were subject to fair value measurements were valued using observable inputs. The Company's financial assets valued based on Level 1 inputs consisted of money market funds, U.S. Treasury securities, government-sponsored enterprise securities and corporate equity securities. The Company's financial assets and liabilities valued based on Level 2 inputs consisted of certain corporate equity securities as described below, corporate debt securities, commercial paper, which consisted of investments in highly-rated investment-grade corporations, and foreign currency forward contracts with reputable and creditworthy counterparties. The Company has an investment in the common stock of Moderna Therapeutics, Inc. ("Moderna"), which became a publicly traded company in 2018. The Company has valued its investment in Moderna based on Level 2 inputs due to transfer restrictions subsequent to Moderna's initial public offering lasting until December 2019. The reduction in fair value recorded on the Company's condensed consolidated balance sheet related to this transfer restriction is not material to its financial statements. During the three and six months ended June 30, 2019 and 2018, the Company did not record any other-than-temporary impairment charges related to its financial assets.

H. Hedging

Foreign currency forward contracts - Designated as hedging instruments

The Company maintains a hedging program intended to mitigate the effect of changes in foreign exchange rates for a portion of the Company's forecasted product revenues denominated in certain foreign currencies. The program includes foreign currency forward contracts that are designated as cash flow hedges under GAAP having contractual durations from one to eighteen months. The Company recognizes realized gains and losses for the effective portion of such contracts in "Product revenues, net" in its condensed consolidated statements of operations in the same period that it recognizes the product revenues that were impacted by the hedged foreign exchange rate changes.

The Company formally documents the relationship between foreign currency forward contracts (hedging instruments) and forecasted product revenues (hedged items), as well as the Company's risk management objective and strategy for undertaking various hedging activities, which includes matching all foreign currency forward contracts that are designated as cash flow hedges to forecasted transactions. The Company also formally assesses, both at the hedge's inception and on an ongoing basis, whether the foreign currency forward contracts are highly effective in offsetting changes in cash flows of hedged items. If the Company were to determine that a (i) foreign currency forward contract is not highly effective as a cash flow hedge, (ii) foreign currency forward contract has ceased to be a highly effective hedge or (iii) forecasted transaction is no longer probable of occurring, the Company would discontinue hedge accounting treatment prospectively. The Company measures effectiveness based on the change in fair value of the forward contracts and the fair value of the hypothetical foreign currency forward contracts with terms that match the critical terms of the risk being hedged. As of June 30, 2019, all hedges were determined to be highly effective.

The Company considers the impact of its counterparties' credit risk on the fair value of the foreign currency forward contracts. As of June 30, 2019 and December 31, 2018, credit risk did not change the fair value of the Company's foreign currency forward contracts.

The Company also enters into foreign currency forward contracts with contractual maturities of less than one month, which are designed to mitigate the effect of changes in foreign exchange rates on monetary assets and liabilities, including intercompany balances. These contracts are not designated as hedging instruments under GAAP. The Company recognizes realized gains and losses for such contracts in "Other income, net" in its condensed consolidated statements of operations each period. J. Revolving Credit Facility

In October 2016, the Company entered into a Credit Agreement (the "Credit Agreement") with Bank of America, N.A., as administrative agent and the lenders referred to therein. The Credit Agreement provides for a $500.0 million revolving facility, $300.0 million of which was drawn at closing (the "Loans") and was repaid in February 2017. The Credit Agreement also provides that, subject to satisfaction of certain conditions, the Company may request that the borrowing capacity under the Credit Agreement be increased by an additional $300.0 million. The Credit Agreement matures on October 13, 2021.

The Loans will bear interest, at the Company's option, at either a base rate or a Eurodollar rate, in each case plus an applicable margin. Under the Credit Agreement, the applicable margins on base rate loans range from 0.75% to 1.50% and the applicable margins on Eurodollar loans range from 1.75% to 2.50%, in each case based on the Company's consolidated leverage ratio (the ratio of the Company's total consolidated debt to the Company's trailing twelve-month EBITDA).

The Loans are guaranteed by certain of the Company's domestic subsidiaries and secured by substantially all of the Company's assets and the assets of the Company's domestic subsidiaries (excluding intellectual property, owned and leased real property and certain other excluded property) and by the equity interests of the Company's subsidiaries, subject to certain exceptions. Under the terms of the Credit Agreement, the Company must maintain, subject to certain limited exceptions, a consolidated leverage ratio of 3.00 to 1.00 and consolidated EBITDA of at least $200.0 million, in each case measured on a quarterly basis.

The Credit Agreement contains customary representations and warranties and usual and customary affirmative and negative covenants. The Credit Agreement also contains customary events of default. In the case of a continuing event of default, the administrative agent would be entitled to exercise various remedies, including the acceleration of amounts due under outstanding loans.

K. Leases

Finance Leases

The Company's finance lease assets and liabilities primarily relate to its corporate headquarters in Boston and research site in San Diego (the "Buildings"). These Buildings are classified as finance leases because the present value of the sum of the lease payments associated with the Buildings exceeds substantially all of the fair value of the Buildings. The Company also has outstanding finance leases for equipment.

Prior to the adoption of ASC 842 on January 1, 2019, the Company was deemed for accounting purposes to be the owner of the Buildings during their construction periods and recorded project construction costs incurred by its landlords. Upon completion of the Buildings, the Company determined that the underlying leases did not meet the criteria for "sale-leaseback" treatment. Accordingly, the Company depreciated the Buildings over 40 years and recorded interest expense associated with the financing obligations for the Buildings. The Company bifurcated the lease payments pursuant to the Buildings into (i) a portion that was allocated to the buildings and (ii) a portion that is allocated to the land on which the buildings were constructed. The portion of the lease obligations allocated to the land was treated as an operating lease.

Pursuant to ASC 842, the Company adjusted the amounts recorded on its condensed consolidated balance sheet as of January 1, 2019 for the Buildings to reflect the present value of the lease payments over the remaining lease term related to the Buildings. The finance lease assets associated with the Buildings are amortized to depreciation expense using the straight-line method over the remaining lease term, which is significantly shorter than the Buildings' useful lives. The Company continues to record interest expense associated with the finance lease liabilities for the Buildings.

Corporate Headquarters

In 2011, the Company entered into two lease agreements, pursuant to which the Company leases approximately 1.1 million square feet of office and laboratory space in two buildings in Boston, Massachusetts for a term of 15 years. Base rent payments commenced in December 2013, and will continue through December 2028. The Company utilizes this initial period as its lease term. The Company has an option to extend the lease terms for an additional ten years.

San Diego Lease

In 2015, the Company entered into a lease agreement pursuant to which the Company leases approximately 170,000 square feet of office and laboratory space in San Diego, California for a term of 16 years. Base rent payments commenced in the second quarter of 2019, and will continue through May 2034. The Company utilizes this initial period as its lease term. The Company has an option to extend the lease term for up to two additional five-year terms. The Company placed this building in service in the second quarter of 2018.

Operating Leases

The Company's operating leases relate to its real estate leases that are not classified as finance leases.

Share repurchase program

In January 2018, the Company's Board of Directors approved a share repurchase program (the "2018 Share Repurchase Program"), pursuant to which the Company was authorized to repurchase up to $500.0 million of its common stock between February 1, 2018 and December 31, 2019. As of June 30, 2019, the Company had repurchased the entire $500.0 million it was authorized to repurchase of its common stock under the 2018 Share Repurchase Program. Under the 2018 Share Repurchase Program, the Company was authorized to purchase shares from time to time through open market or privately negotiated transactions. Such purchases were made pursuant to Rule 10b5-1 plans or other means as determined by the Company's management and in accordance with the requirements of the SEC.

During the six months ended June 30, 2019, the Company repurchased 832,186 shares of its common stock under the 2018 Share Repurchase Program for an aggregate of $150.0 million including commissions and fees. During the six months ended June 30, 2018, the Company repurchased 767,551 shares of its common stock under the 2018 Share Repurchase Program for an aggregate of $119.0 million including commissions and fees.

In July 2019, the Company's Board of Directors approved a new share repurchase program, pursuant to which the Company is authorized to repurchase up to $500.0 million of its common stock between August 1, 2019 and December 31, 2020.

M. Income Taxes

The Company is subject to U.S. federal, state, and foreign income taxes. For the three and six months ended June 30, 2019, the Company recorded provisions for income taxes of $59.7 million and $111.2 million, respectively. The Company's effective tax rate for the three and six months ended June 30, 2019 is lower than the U.S. statutory rate primarily due to

excess tax benefits related to stock-based compensation and utilization of net operating losses to offset pre-tax operating income. The Company's provision for income taxes in 2019 has increased compared to historical amounts due to the release of the Company's valuation allowance on the majority of its net operating losses and other deferred tax assets as of December 31, 2018. Starting in 2019, the Company began recording a provision for income taxes on its pre-tax income using an estimated effective tax rate that approximates statutory rates. Due to the Company's ability to offset its pre-tax income against previously benefited net operating losses, it expects the majority of its tax provision to represent a non-cash expense until its net operating losses have been fully utilized.

During the three and six months ended June 30, 2018, the Company's income taxes included excess tax benefits related to stock-based compensation, a provision for income taxes related to BioAxone's income taxes and the Company's U.S. state and foreign taxes.

As noted above, the Company released the valuation allowance on the majority of net operating losses and other deferred tax assets and maintained a valuation allowance of $168.5 million related primarily to U.S. state and foreign tax attributes as of December 31, 2018. On a periodic basis, the Company reassesses any valuation allowances that it maintains on its deferred tax assets, weighing positive and negative evidence to assess the recoverability of the deferred tax assets.

The Company has reviewed the tax positions taken, or to be taken, in its tax returns for all tax years currently open to examination by a taxing authority. Unrecognized tax benefits represent the aggregate tax effect of differences between tax return positions and the benefits recognized in the financial statements. As of June 30, 2019 and December 31, 2018, the Company had $27.5 million and $19.5 million, respectively, of gross unrecognized tax benefits, which would affect the Company's tax rate if recognized. The Company does not expect that its unrecognized tax benefits will materially increase within the next twelve months. The Company accrues interest and penalties related to unrecognized tax benefits as a component of its provision for income taxes. As of June 30, 2019, no significant interest or penalties were accrued. The Company did not recognize any material interest or penalties related to uncertain tax positions during the three and six months ended June 30, 2019 and 2018.

As of June 30, 2019, foreign earnings, which were not significant, have been retained indefinitely by foreign subsidiaries for indefinite reinvestment. Upon repatriation of those earnings, in the form of dividends or otherwise, the Company could be subject to withholding taxes payable to the various foreign countries.

The Company files U.S. federal income tax returns and income tax returns in various state, local and foreign jurisdictions. The Company is no longer subject to any tax assessment from an income tax examination in the United States or any other major taxing jurisdiction for years before 2011, except where the Company has net operating losses or tax credit carryforwards that originate before 2011. The Company has various income tax audits ongoing at any time throughout the world. No adjustments have been reported for any jurisdiction under audit.

N. Commitments and Contingencies

Guaranties and Indemnifications

As permitted under Massachusetts law, the Company's Articles of Organization and By-laws provide that the Company will indemnify certain of its officers and directors for certain claims asserted against them in connection with their service as an officer or director. The maximum potential amount of future payments that the Company could be required to make under these indemnification provisions is unlimited. However, the Company has purchased directors' and officers' liability insurance policies that could reduce its monetary exposure and enable it to recover a portion of any future amounts paid. No indemnification claims currently are outstanding, and the Company believes the estimated fair value of these indemnification arrangements is minimal.

The Company customarily agrees in the ordinary course of its business to indemnification provisions in agreements with clinical trial investigators and sites in its drug development programs, sponsored research agreements with academic and not-for-profit institutions, various comparable agreements involving parties performing services for the Company and its real estate leases. The Company also customarily agrees to certain indemnification provisions in its drug discovery, development and commercialization collaboration agreements. With respect to the Company's clinical trials and sponsored research agreements, these indemnification provisions typically apply to any claim asserted against the investigator or the

investigator's institution relating to personal injury or property damage, violations of law or certain breaches of the Company's contractual obligations arising out of the research or clinical testing of the Company's compounds or drug candidates. With respect to lease agreements, the indemnification provisions typically apply to claims asserted against the landlord relating to personal injury or property damage caused by the Company, to violations of law by the Company or to certain breaches of the Company's contractual obligations. The indemnification provisions appearing in the Company's collaboration agreements are similar to those for the other agreements discussed above, but in addition provide some limited indemnification for its collaborator in the event of third-party claims alleging infringement of intellectual property rights. In each of the cases above, the indemnification obligation generally survives the termination of the agreement for some extended period, although the Company believes the obligation typically has the most relevance during the contract term and for a short period of time thereafter. The maximum potential amount of future payments that the Company could be required to make under these provisions is generally unlimited. The Company has purchased insurance policies covering personal injury, property damage and general liability that reduce its exposure for indemnification and would enable it in many cases to recover all or a portion of any future amounts paid. The Company has never paid any material amounts to defend lawsuits or settle claims related to these indemnification provisions. Accordingly, the Company believes the estimated fair value of these indemnification arrangements is minimal.

Other Contingencies

The Company has certain contingent liabilities that arise in the ordinary course of its business activities. The Company accrues a reserve for contingent liabilities when it is probable that future expenditures will be made and such expenditures can be reasonably estimated. There were no material contingent liabilities accrued as of June 30, 2019 or December 31, 2018.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

OVERVIEW

We invest in scientific innovation to create transformative medicines for people with serious diseases. Our business is focused on developing and commercializing therapies for the treatment of cystic fibrosis, or CF, and advancing our research and development programs in other serious diseases. Our marketed products are SYMDEKO/SYMKEVI (tezacaftor in combination with ivacaftor), ORKAMBI (lumacaftor in combination with ivacaftor) and KALYDECO (ivacaftor), which are collectively approved to treat approximately half of the 75,000 CF patients in North America, Europe and Australia. Our triple combination regimen, if approved, would significantly increase the number of CF patients eligible for our products and could provide an improved treatment option for a majority of the patients currently eligible for our products.

In July 2019, we submitted a New Drug Application, or NDA, to the United States Food and Drug Administration, or FDA, for the triple combination of VX-445 (elexacaftor), tezacaftor and ivacaftor. We expect to submit a Marketing Authorization Application, or MAA, in Europe in the fourth quarter of 2019 for this triple combination regimen. These filings were based on positive data from Phase 3 clinical trials evaluating the triple combination of VX-445 (elexacaftor), tezacaftor and ivacaftor in patients 12 years of age or older (i) who have a copy of the *F508del* mutation in their *CFTR* gene and a second mutation that results in minimal *CFTR* function, whom we refer to as F508del/Min patients; and (ii) who have two copies of the *F508del* mutation, whom we refer to as F508del homozygous patients.

We also are progressing earlier-stage programs in alpha-1 antitrypsin deficiency, APOL1-mediated kidney diseases, beta thalassemia, sickle cell disease and pain. In addition, we recently enhanced our gene-editing capabilities by expanding our collaboration with CRISPR Therapeutics and acquiring Exonics Therapeutics in order to support the development of novel therapies for duchenne muscular dystrophy and myotonic dystrophy type 1.

Second quarter of 2019 Financial Highlights

Revenues

In the second quarter of 2019, our net product revenues continued to increase due to the approval of our third CF medicine, SYMDEKO/SYMKEVI, in 2018 and continued strong net product revenues from KALYDECO and ORKAMBI.

Expenses

In the second quarter of 2019, combined R&D and SG&A expenses increased by 13% from $474.8 million in the second quarter of 2018 to $535.6 million. In the second quarter of 2019, cost of sales was 14% of our net product revenues.

Balance Sheet

Increased balance sheet strength driven by earnings.

- Expanded into duchenne muscular dystrophy, or DMD, and myotonic dystrophy type 1, or DM1, through our expanded collaboration with CRISPR Therapeutics AG and our acquisition of Exonics Therapeutics.
- Entered into strategic research and development collaboration with Kymera Therapeutics to advance small molecule protein degraders against multiple targets.

Transition

In July 2019, we announced that effective April 1, 2020, Dr. Jeffrey Leiden will transition to the role of Executive Chairman and Dr. Reshma Kewalramani will be appointed as our new Chief Executive Officer and President.

Research

We plan to continue investing in our research programs and fostering scientific innovation in order to identify and develop transformative medicines. We believe that pursuing research in diverse areas allows us to balance the risks inherent in drug development and may provide drug candidates that will form our pipeline in future years. To supplement our internal research programs, we collaborate with biopharmaceutical and technology companies, leading academic research institutions, government laboratories, foundations and other organizations as needed to advance research in our areas of therapeutic interest and to access technologies needed to execute on our strategy.

Drug Discovery and Development

Discovery and development of a new pharmaceutical product is a difficult and lengthy process that requires significant financial resources along with extensive technical and regulatory expertise. Potential drug candidates are subjected to rigorous evaluations, driven in part by stringent regulatory considerations, designed to generate information concerning efficacy, side effects, proper dosage levels and a variety of other physical and chemical characteristics that are important in determining whether a drug candidate should be approved for marketing as a pharmaceutical product. Most chemical compounds that are investigated as potential drug candidates never progress into development, and most drug candidates that do advance into development never receive marketing approval. Because our investments in drug candidates are subject to considerable risks, we closely monitor the results of our discovery, research, clinical trials and nonclinical studies and frequently evaluate our drug development programs in light of new data and scientific, business and commercial insights, with the objective of balancing risk and potential. This process can result in abrupt changes in focus and priorities as new information becomes available and as we gain additional understanding of our ongoing programs and potential new programs, as well as those of our competitors.

If we believe that data from a completed registration program support approval of a drug candidate, we submit an NDA to the FDA requesting approval to market the drug candidate in the United States and seek analogous approvals from comparable regulatory authorities in jurisdictions outside the United States. To obtain approval, we must, among other things, demonstrate with evidence gathered in nonclinical studies and well-controlled clinical trials that the drug candidate is safe and effective for the disease it is intended to treat and that the manufacturing facilities, processes and controls for the manufacture of the drug candidate are adequate. The FDA and ex-U.S. regulatory authorities have substantial discretion in deciding whether or not a drug candidate should be granted approval based on the benefits and risks of the drug candidate in the treatment of a particular disease, and could delay, limit or deny regulatory approval. If regulatory delays are significant or regulatory approval is limited or denied altogether, our financial results and the commercial prospects for the drug candidate involved will be harmed.

Regulatory Compliance

Our marketing of pharmaceutical products is subject to extensive and complex laws and regulations. We have a corporate compliance program designed to actively identify, prevent and mitigate risk through the implementation of compliance policies and systems and through the promotion of a culture of compliance. Among other laws, regulations and standards, we are subject to various U.S. federal and state laws, and comparable laws in other jurisdictions, pertaining to health care fraud and abuse, including anti-kickback and false claims laws, and laws prohibiting the promotion of drugs for unapproved or off-label uses. Anti-kickback laws make it illegal for a prescription drug manufacturer to solicit, offer, receive or pay any remuneration to induce the referral of business, including the purchase or prescription of a particular drug that is reimbursed by a state or federal program. False claims laws prohibit anyone from knowingly or willfully presenting for payment to third-party payors, including Medicare and Medicaid, claims for reimbursed drugs or services that are false or fraudulent, claims for items or services not provided as claimed, or claims for medically unnecessary items or services. We are subject to laws and regulations that regulate the sales and marketing practices of pharmaceutical manufacturers, as well as laws such as the U.S. Foreign Corrupt Practices Act, which govern our international business practices with respect to payments to government officials. We expect to continue to devote substantial resources to maintain, administer and expand these compliance programs globally.

Reimbursement

Sales of our products depend, to a large degree, on the extent to which our products are reimbursed by third-party payors, such as government health programs, commercial insurance and managed health care organizations. We dedicate substantial management and other resources in order to obtain and maintain appropriate levels of reimbursement for our products from third-party payors, including governmental organizations in the United States and ex-U.S. markets.

In the United States, we have worked successfully with third party payors in order to promptly obtain appropriate levels of reimbursement for our CF medicines and as such, more than 95% of patients across the U.S. have access to our medicines. We continue to engage in discussions with numerous commercial insurers and managed health care organizations, along with government health programs that are typically managed by authorities in the individual states, to ensure that payors recognize the significant benefits that our medicines provide by treating the underlying cause of cystic fibrosis and continue to provide access to our current medicines.

In Europe and other ex-U.S. markets, we seek government reimbursement for our medicines on a country-by-country basis. This is necessary for each new medicine, as well as label expansions for our current medicines in most countries. We successfully obtained reimbursement for KALYDECO in each significant ex-U.S. market within two years of approval. We are experiencing significant challenges in obtaining reimbursement for ORKAMBI in certain ex-U.S. markets. Specifically,

we have been discussing potential reimbursement for ORKAMBI in England and France, which represent significant potential markets for our CF medicines, since its approval in 2015. In other ex-U.S. markets, including Australia, Denmark, Germany, Ireland, Sweden and Italy, we have reached pricing and reimbursement agreements for ORKAMBI. In some of these countries we have innovative reimbursement arrangements that provide a pathway to access and rapid reimbursement for certain future CF medicines, including arrangements in Ireland, Denmark and Australia. SYMKEVI, which was approved in the European Union in the fourth quarter of 2018, is available in certain European countries, including Germany, Denmark and Ireland.

Strategic Transactions

In-License Agreements

We have entered into collaborations with biotechnology and pharmaceutical companies in order to acquire rights or to license drug candidates or technologies that enhance our pipeline and/or our research capabilities. Over the last several years, we entered into collaboration agreements with:

- CRISPR Therapeutics AG and its affiliates, or CRISPR, pursuant to which we have been collaborating since 2015 on the discovery and development of potential new treatments aimed at the underlying genetic causes of human diseases using CRISPR-Cas9 gene-editing technology. In the third quarter of 2019, we obtained the exclusive worldwide rights to CRISPR's intellectual property for DMD and DM1 gene-editing products through a new agreement with CRISPR.
- Kymera Therapeutics, or Kymera, pursuant to which we are looking to advance small molecule protein degraders against multiple targets.
- Arbor Biotechnologies, Inc., or Arbor, pursuant to which we are collaborating on the discovery of novel proteins, including DNA endonucleases, to advance the development of new gene-editing therapies.

Generally, when we in-license a technology or drug candidate, we make upfront payments to the collaborator, assume the costs of the program and agree to make contingent payments, which could consist of milestone, royalty and option payments. Most of these collaboration payments are expensed as research and development expenses; however, depending on many factors, including the structure of the collaboration, the significance of the drug candidate that we license to the collaborator's operations and the other activities in which our collaborators are engaged, the accounting for these transactions can vary significantly.

Certain of our collaborators, including BioAxone Biosciences, Inc., or BioAxone, have historically been accounted for as variable interest entities, or VIEs, and historically have been included in our consolidated financial statements due to: (i) the significance of the respective licensed programs to our collaborator as a whole, (ii) our power to control the significant activities of the entities under each collaboration, and (iii) our obligation to absorb losses and right to receive benefits that potentially could have been significant. In the fourth quarter of 2018, we determined that the above conditions were no longer satisfied with respect to BioAxone. As a result, we deconsolidated BioAxone from our consolidated financial statements.

In periods in which we have consolidated VIEs, we have evaluated the fair value of the contingent payments payable by us on a quarterly basis. Changes in the fair value of these contingent future payments affected net income attributable to Vertex on a dollar-for-dollar basis, with increases in the fair value of contingent payments payable by us to a VIE resulting in a decrease in net income attributable to Vertex (or an increase in net loss attributable to Vertex) and decreases in the fair value of contingent payments payable by us to a VIE resulting in an increase in net income attributable to Vertex (or decrease in net loss attributable to Vertex). For additional information regarding our VIEs see Note C, "Collaborative Arrangements and Acquisitions," and our critical accounting policies in our 2018 Annual Report on Form 10-K.

Acquisitions

We have acquired assets or entities in order to acquire drug candidates or technologies that enhance our pipeline and/or our research capabilities. In the third quarter of 2019, we acquired Exonics Therapeutics, or Exonics, a privately-held company focused on creating gene-editing therapies to repair mutations that cause DMD and other severe neuromuscular diseases, including DM1.

Out-License Agreements

We also have out-licensed internally developed programs to collaborators who are leading the development of these programs. These out-license arrangements include our collaboration agreements with:

- Janssen Pharmaceuticals, Inc., or Janssen, which is evaluating pimodivir in Phase 3 clinical trials for the treatment of influenza; and
- Merck KGaA, Darmstadt, Germany, which licensed oncology research and development programs from us in early 2017.

Pursuant to these out-licensing arrangements, our collaborators are responsible for the research, development and commercialization costs associated with these programs, and we are entitled to receive contingent milestone and/or royalty payments. As a result, we do not expect to incur significant expenses in connection with these programs and have the potential for future collaborative and royalty revenues resulting from these programs.

Strategic Investments

In connection with our business development activities, we have periodically made equity investments in our collaborators. As of June 30, 2019 and December 31, 2018, we held strategic equity investments in CRISPR and Moderna, both public companies, as well as certain private companies, and we may make additional strategic equity investments in the future. While we invest the majority of our cash, cash equivalents and marketable securities in instruments that meet specific credit quality standards and limit our exposure to any one issue or type of instrument, our strategic investments are maintained and managed separately from our other cash, cash equivalents and marketable securities. Any changes in the fair value of equity investments with readily determinable fair values (including publicly traded securities such as CRISPR and Moderna) are recorded to other income (expense), net in our condensed consolidated statement of operations. For equity investments without readily determinable fair values (including private equity investments), each reporting period we are required to re-evaluate the carrying value of the investment, which may result in other income (expense).

In the first half of 2019 and 2018, we recorded within other income (expense), unrealized gains of $100.1 million and $149.4 million, respectively, related to increases in the fair value of our strategic investments, which were included in our net income attributable to Vertex. To the extent that we continue to hold strategic investments, particularly strategic investments in publicly traded companies, we will record other income (expense) related to these strategic investments on a quarterly basis. Due to the high volatility of stocks in the biotechnology industry, we expect the value of these strategic investments to fluctuate and that the increases or decreases in the fair value of these strategic investments will continue to have material impacts on our net income (expense) and our profitability on a quarterly and/or annual basis.

Net Income Attributable to Vertex

Net income attributable to Vertex was $267.4 million in the second quarter of 2019 as compared to net income attributable to Vertex of $207.4 million in the second quarter of 2018. Our total revenues increased in the second quarter of 2019 as compared to the second quarter of 2018 due to a $190.5 million increase in net product revenues. The increase in operating costs and expenses in the second quarter of 2019 as compared to the second quarter of 2018 was due to increased cost of sales associated with our increasing net product revenues and expenses related to a $50.0 million upfront payment we made in the second quarter of 2019 pursuant to our collaboration agreement with Kymera, which is included in research expenses.

Net income attributable to Vertex was $536.1 million in the first half of 2019 as compared to net income attributable to Vertex of $417.6 million in the first half of 2018. Our total revenues increased in the first half of 2019 as compared to the first half of 2018 due to a $410.0 million increase in net product revenues. The increase in operating costs and expenses in the first half of 2019 as compared to the first half of 2018 was primarily due to increased cost of sales associated with our increasing net product revenues, expenses related to a $50.0 million upfront payment we made in the second quarter of 2019 pursuant to our collaboration agreement with Kymera, which is included in research expenses, and increases in our sales, general and administrative expenses.

Other non-operating income, net in the second quarter and first half of 2019 and the second quarter and first half of 2018 primarily related to total unrealized gains associated with increases in the fair value of our strategic investments.

In the first quarter of 2019, we began recording a provision for income taxes based primarily on our pre-tax income using an estimated effective tax rate that approximates statutory rates resulting in a provision for income taxes of $59.7 million and $111.2 million for the second quarter and first half of 2019, respectively. Due to our ability to offset our pre-tax income against previously benefited net operating losses, the majority of our tax provision in 2019 is a non-cash expense. In the second quarter and first half of 2018, we did not record a similar provision for income taxes based on our pre-tax income because we did not release our tax valuation allowance until the fourth quarter of 2018.

Earnings Per Share

Diluted net income per share attributable to Vertex common shareholders was $1.03 in the second quarter of 2019 as compared to diluted net income per share attributable to Vertex common shareholders of $0.80 in the second quarter of 2018.

Diluted net income per share attributable to Vertex common shareholders was $2.06 in the first half of 2019 as compared to diluted net income per share attributable to Vertex common shareholders of $1.61 in the first half of 2018.

In the second quarter and first half of 2019, our net product revenues increased by $190.5 million and $410.0 million, respectively, as compared to the second quarter and first half of 2018. The increase in net product revenues was primarily due to the increasing number of patients being treated with SYMDEKO/SYMKEVI in both the United States and European Union. The growth of our net product revenues is dependent on, if, and when, we obtain additional reimbursement agreements for our medicines in ex-U.S. markets, particularly in the United Kingdom and France, and if we obtain additional regulatory approvals, including, in particular, potential approval for the triple combination of VX-445 (elexacaftor), tezacaftor and ivacaftor.

SYMDEKO/SYMKEVI

SYMDEKO/SYMKEVI net product revenues were $361.8 million and $682.1 million in the second quarter and first half of 2019, respectively, as compared to $185.6 million and $219.7 million in the second quarter and first half of 2018, respectively. SYMDEKO was approved by the FDA in February 2018 and SYMKEVI was approved in the European Union in November 2018. In the second quarter and first half of 2019, SYMDEKO/SYMKEVI net product revenues were $46.1 million and $77.7 million, respectively, in ex-U.S. markets. We expect SYMDEKO/SYMKEVI net product revenues to continue to increase for the remainder of 2019.

ORKAMBI

We have continued to increase the number patients eligible for ORKAMBI through label expansions and additional ex-U.S. reimbursement arrangements. These increases in eligible patients have partially offset the negative effect on ORKAMBI net product revenues resulting from a portion of the patients who were being treated with ORKAMBI switching to SYMDEKO/SYMKEVI. Due primarily to patients switching from ORKAMBI to SYMDEKO in the United States, ORKAMBI net product revenues decreased by 8% in the first half of 2019 as compared to the first half of 2018. In the second quarter and first half of 2019, ORKAMBI net product revenues were $316.4 million and $609.4 million, respectively, including $98.3 million and $189.5 million, respectively, of net product revenues from ex-U.S. markets, compared to ORKAMBI net product revenues of $311.3 million and $665.3 million in the second quarter and first half of 2018, respectively, including $75.7 million and $147.5 million, respectively, of net product revenues from ex-U.S. markets. We have received significant cash and recognized limited net product revenues to date on sales of ORKAMBI supplied under early access programs in France due to ongoing pricing discussions regarding the reimbursement rate for ORKAMBI. Please refer to Note B, “Revenue Recognition,” for a discussion of our accounting treatment for our early access program for ORKAMBI in France.

KALYDECO

In the second quarter and first half of 2019, KALYDECO net product revenues were $262.1 million and $506.1 million, respectively, including $96.3 million and $190.9 million, respectively, of net product revenues from ex-U.S. markets, compared to KALYDECO net product revenues of $253.1 million and $502.6 million in the second quarter and first half of 2018, respectively, including $91.6 million and $177.8 million, respectively, of net product revenues from ex-U.S. markets. KALYDECO net product revenues were similar in the second quarter and first half of 2019 to the second quarter and first half

of 2018 due to additional patients being treated with KALYDECO as we completed reimbursement discussions in various ex-U.S. jurisdictions and increased the number of patients eligible to receive KALYDECO through label expansions, offset by a portion of the patients who were being treated with KALYDECO switching to SYMDEKO in the United States.

Collaborative and Royalty Revenues

Our collaborative and royalty revenues were $0.9 million and $2.1 million in the second quarter and first half of 2019, respectively, as compared to $2.2 million and $5.3 million in the second quarter and first half of 2018, respectively. Our collaborative revenues have historically fluctuated significantly from one period to another and may continue to fluctuate in the future. Our future royalty revenues will be dependent on if, and when, our collaborators, including Janssen and Merck KGaA, Darmstadt, Germany are able to successfully develop drug candidates that we have out-licensed to them.

Cost of Sales

Our cost of sales primarily consists of the cost of producing inventories that corresponded to product revenues for the reporting period, plus the third-party royalties payable on our net sales of our products. Pursuant to our agreement with the CFF, our tiered third-party royalties on sales of SYMDEKO/SYMKEVI, ORKAMBI and KALYDECO, calculated as a percentage of net sales, range from the single digits to the sub-teens. As a result of the tiered royalty rate, which resets annually, our cost of sales as a percentage of net product revenues are lower at the beginning of each calendar year.

Over the last several years, our cost of sales has been increasing primarily due to increased net product revenues. Our cost of sales as a percentage of our net product revenues was approximately 14% in each of the second quarter of 2018 and 2019. Our cost of sales as a percentage of our net product revenues was approximately 13% in each of the first half of 2018 and 2019. In the second half of 2019, we expect our total cost of sales to be similar to our cost of sales as a percentage of total net product revenues in the second quarter of 2019.

Our research and development expenses include internal and external costs incurred for research and development of our drugs and drug candidates and expenses related to certain technology that we acquire or license through business development transactions. We do not assign our internal costs, such as salary and benefits, stock-based compensation expense, laboratory supplies and other direct expenses and infrastructure costs, to individual drugs or drug candidates, because the employees within our research and development groups typically are deployed across multiple research and development programs. These internal costs are significantly greater than our external costs, such as the costs of services provided to us by clinical research organizations and other outsourced research, which we allocate by individual program. All research and development costs for our drugs and drug candidates are expensed as incurred.

Since January 2017, we have incurred approximately $3.5 billion in research and development expenses associated with drug discovery and development. The successful development of our drug candidates is highly uncertain and subject to a number of risks. In addition, the duration of clinical trials may vary substantially according to the type, complexity and novelty of the drug candidate and the disease indication being targeted. The FDA and comparable agencies in foreign countries impose substantial requirements on the introduction of therapeutic pharmaceutical products, typically requiring lengthy and detailed laboratory and clinical testing procedures, sampling activities and other costly and time-consuming procedures. Data obtained from nonclinical and clinical activities at any step in the testing process may be adverse and lead to discontinuation or redirection of development activities. Data obtained from these activities also are susceptible to varying interpretations, which could delay, limit or prevent regulatory approval. The duration and cost of discovery, nonclinical studies and clinical trials may vary significantly over the life of a project and are difficult to predict. Therefore, accurate and meaningful estimates of the ultimate costs to bring our drug candidates to market are not available.

In 2018 and the first half of 2019, costs related to our CF programs represented the largest portion of our development costs. Any estimates regarding development and regulatory timelines for our drug candidates are highly subjective and subject to change. Until we have data from Phase 3 clinical trials, we cannot make a meaningful estimate regarding when, or if, a clinical development program will generate revenues and cash flows. We submitted an NDA to the FDA for the triple combination of elexacaftor, tezacaftor and ivacaftor in the third quarter of 2019 and we plan to submit an MAA to the EMA in the fourth quarter of 2019 for this triple combination.

We expect to continue to invest in our research programs with a focus on identifying drug candidates with the goal of creating transformative medicines for serious diseases. Our research expenses increased by 68% in the second quarter of 2019 as compared to the second quarter of 2018 and increased by 43% in the first half of 2019 as compared to the first half of 2018, primarily as a result of a $50.0 million upfront payment to Kymera in the second quarter of 2019, as well as expenses related to additional headcount in our research organization and increased infrastructure costs. Our research expenses have been affected, and are expected to continue to be affected, by research expenses associated with our business development activities. We completed the expansion of our collaboration with CRISPR related to DMD and DM1 in July 2019, and we expect to incur $175.0 million of research expenses associated with this collaboration in the third quarter of 2019.

Our development expenses decreased by 7% in the second quarter of 2019 as compared to the second quarter of 2018 and were similar in the first half of 2019 and the first half of 2018, primarily due to decreases in expenses related to our CF programs offset by increased headcount to support our advancing pipeline and increased infrastructure costs.

Sales, general and administrative expenses increased by 14% in the second quarter of 2019 as compared to the second quarter of 2018 and increased by 14% in the first half of 2019 as compared to the first half of 2018, primarily due to increased global support for our medicines and incremental investment to support the potential launch of our triple combination regimen.

Other Non-Operating Income, Net

Interest Income

Interest income was $18.1 million and $33.7 million in the second quarter and first half of 2019, respectively, compared to $8.0 million and $13.8 million in the second quarter and first half of 2018, respectively. The increase in interest income in the second quarter and first half of 2019 as compared to the second quarter and first half of 2018 was primarily due to an increase in our cash equivalents and marketable securities and prevailing market interest rates. Our future interest income will be dependent on the amount of, and prevailing market interest rates on, our outstanding cash equivalents and marketable securities.

Interest Expense

Interest expense was $14.8 million and $29.7 million in the second quarter and first half of 2019, respectively, compared to $18.2 million and $35.0 million in the second quarter and first half of 2018, respectively. The majority of our interest expense in these periods was related to imputed interest expense associated with our leased corporate headquarters in Boston and our research site in San Diego. On January 1, 2019, we adopted ASC 842, *Leases*, which resulted in a reduction in our imputed interest expense associated with these leases in the second quarter and first half of 2019 as compared to the second quarter and first half of 2018. We expect similar reductions in our imputed interest expense associated with these leases in the initial years subsequent to the adoption of this accounting guidance as compared to the amounts that were recorded in accordance with the previously applicable guidance. In addition to the updated accounting guidance, our future interest expense will also be dependent on whether, and to what extent, we reborrow amounts under our credit facility.

Other Income, Net

Other income, net was $53.9 million and $96.5 million in the second quarter and first half of 2019, respectively, compared to $53.8 million and $150.7 million in the second quarter and first half of 2018, respectively. Our other income in these periods is primarily related to increases in the fair value of our strategic investments. The value of these strategic investments has fluctuated significantly in the past, including decreasing significantly in the second half of 2018. In future periods, we expect our other income (expense), net to fluctuate based on increases or decreases in the fair value of our strategic investments.

Noncontrolling Interest

The net income attributable to noncontrolling interest recorded on our condensed consolidated statements of operations reflects our VIE's net (income) loss for the reporting period adjusted for any changes in the noncontrolling interest holders' claim to net assets, including contingent milestone, royalty and option payments.

As of December 31, 2018, we deconsolidated BioAxone and had no noncontrolling interest in the second quarter and first half of 2019 as a result. In the second quarter and first half of 2018, we recorded a net loss attributable to noncontrolling interest of $1.1 million and net income attributable to noncontrolling interest of $15.9 million, respectively. The net income attributable to noncontrolling interest for the first half of 2018 was primarily related to a $24.0 million increase in the fair value of the contingent payments payable by us to BioAxone partially offset by an associated benefit from income taxes in the first quarter of 2018. The increase in the fair value of contingent payments was primarily due to the expiration of an option held by us to purchase BioAxone that resulted in our election to continue our license for VX-210, which increased the probability that additional milestone and royalty payments related to the license for VX-210 would be paid.

Income Taxes

In the second quarter of 2019, we recorded a provision for income taxes of $59.7 million as compared to a provision for income taxes of $10.3 million in the second quarter of 2018. In the first half of 2019, we recorded a provision for income taxes of $111.2 million as compared to a benefit from income taxes of $2.3 million in the first half of 2018. Our effective tax rate for the first half of 2019 is lower than the U.S. statutory rate primarily due to excess tax benefits related to stock-based compensation and utilization of net operating losses to offset pre-tax operating income. The change in our provision for income taxes in the first half of 2019 compared to the first half of 2018 was primarily due to the release of our valuation allowance on the majority of our net operating losses and other deferred tax assets in the fourth quarter of 2018. Starting in 2019, we began recording a provision for income taxes on our pre-tax income using an estimated effective tax rate that approximates statutory rates. Due to our ability to offset our pre-tax income against previously benefited net operating losses, we expect the majority of our tax provision to represent a non-cash expense until our net operating losses have been fully utilized.

The provision for income taxes in the second quarter of 2018 and benefit from income taxes for the first half of 2018 primarily related to excess tax benefits associated with stock-based compensation, a provision for income taxes attributable to noncontrolling interest and our U.S. state and foreign taxes.

LIQUIDITY AND CAPITAL RESOURCES

The following table summarizes the components of our financial condition as of June 30, 2019 and December 31, 2018:

	June 30, 2019	December 31, 2018	Increase/(Decrease) $	Increase/(Decrease) %
	(in thousands)			
Cash, cash equivalents and marketable securities	$ 3,951,222	$ 3,168,242	$ 782,980	25%
Working Capital				
Total current assets	4,710,968	3,843,109	867,859	23%
Total current liabilities	(1,259,220)	(1,120,292)	138,928	12%
Total working capital	$ 3,451,748	$ 2,722,817	$ 728,931	27%

As of June 30, 2019, total working capital was $3.5 billion, which represented an increase of $729 million from $2.7 billion as of December 31, 2018. The most significant items that increased total working capital in the first half of 2019 were $788.5 million of cash provided by operations, a $100.1 million increase in the fair value of our strategic investments and $114.1 million of cash received from issuances of common stock under our employee benefit plans partially offset by $155.8 million of cash used to repurchase shares of our common stock and expenditures for property and equipment of $34.4 million.

Sources of Liquidity

As of June 30, 2019, we had cash, cash equivalents and marketable securities of $4.0 billion, which represented an increase of $783 million from $3.2 billion as of December 31, 2018. We intend to rely on our existing cash, cash equivalents and marketable securities together with cash flows from product sales as our primary source of liquidity. We are receiving cash flows from sales of SYMDEKO/SYMKEVI, ORKAMBI and KALYDECO. Future cash flows will be dependent on, among other things, the timing of and our ability to complete reimbursement discussions in certain European countries and, if and when, we obtain approval for a triple combination regimen.

We may borrow up to $500.0 million pursuant to a revolving credit facility that we entered into in 2016. We may repay and reborrow amounts under the revolving credit agreement without penalty. Subject to certain conditions, we may request that the borrowing capacity under this credit agreement be increased by an additional $300.0 million.

In the first half of 2019, we received significant proceeds from the issuance of common stock under our employee benefit plans, but the amount and timing of future proceeds from employee benefits plans is uncertain. Since the beginning of 2018, the value of our strategic investment in CRISPR has fluctuated significantly on a quarterly basis. The future value of our strategic investments, including our investments in CRISPR and Moderna, is uncertain. Other possible sources of future liquidity include strategic collaborative agreements that include research and/or development funding, commercial debt, public and private offerings of our equity and debt securities, development milestones and royalties on sales of products, software and equipment leases, strategic sales of assets or businesses and financial transactions. Negative covenants in our credit agreement may prohibit or limit our ability to access these sources of liquidity.

Future Capital Requirements

We have significant future capital requirements, including:

- significant expected operating expenses to conduct research and development activities and to operate our organization; and
- substantial facility and capital lease obligations, including leases for two buildings in Boston, Massachusetts that continue through 2028 and a lease in San Diego, California that continues through 2034.

In addition,

- Once we conclude our ongoing pricing discussions with the French government, we expect we will be required to repay a portion of the amounts we have collected under ORKAMBI early access programs in France to the French government based on the difference between the invoiced price of ORKAMBI and the final price for ORKAMBI in France.
- We have entered into certain collaboration agreements with third parties that include the funding of certain research, development and commercialization efforts with the potential for future milestone and royalty payments by us upon the achievement of pre-established developmental and regulatory targets and/or commercial targets, and we may enter into additional business development transactions, including acquisitions, collaborations and equity investments, that require additional capital.
- In June 2019, we entered into the collaboration agreement with CRISPR for DMD and DM1 and we entered into the agreement to acquire Exonics. In July 2019, in connection with the closings of these transactions, we paid CRISPR a $175.0 million upfront payment and we paid Exonics' equity holders approximately $245.0 million.
- To the extent we borrow amounts under the credit agreement we entered into in October 2016, we would be required to repay any outstanding principal amounts in 2021.

In January 2018, we announced a share repurchase program to repurchase up to $500.0 million of shares of our common stock through December 31, 2019. As of June 30, 2019, we had repurchased the entire $500.0 million of our common stock that was authorized under share repurchase program. In July 2019, we announced a new share repurchase program, pursuant to which we are authorized to repurchase up to $500.0 million of our common stock between August 1, 2019 and December 31, 2020.

We expect that cash flows from our products together with our current cash, cash equivalents and marketable securities will be sufficient to fund our operations for at least the next twelve months. The adequacy of our available funds to meet our future operating and capital requirements will depend on many factors, including the amounts of future revenues generated by products, and the potential introduction of one or more of our other drug candidates to the market, including a triple combination regimen for patients with CF, the level of our business development activities and the number, breadth, cost and prospects of our research and development programs.

Financing Strategy

We may raise additional capital by borrowing under credit agreements, through public offerings or private placements of our securities or securing new collaborative agreements or other methods of financing. We will continue to manage our capital structure and will consider all financing opportunities, whenever they may occur, that could strengthen our long-term liquidity profile. There can be no assurance that any such financing opportunities will be available on acceptable terms, if at all.

CONTRACTUAL COMMITMENTS AND OBLIGATIONS

Our commitments and obligations were reported in our Annual Report on Form 10-K for the year ended December 31, 2018, which was filed with the Securities and Exchange Commission, or SEC, on February 13, 2019. There have been no material changes from the contractual commitments and obligations previously disclosed in that Annual Report on Form 10-K other than (i) additional potential future milestone and royalty payments upon the achievement of pre-established developmental and regulatory targets and/or commercial targets pursuant to business development transactions that we entered into in the first half of 2019 and (ii) an aggregate of approximately $420.0 million in payments we made to CRISPR and shareholders of Exonics in connection with business development transactions that closed in July 2019.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

Our discussion and analysis of our financial condition and results of operations is based upon our condensed consolidated financial statements prepared in accordance with generally accepted accounting principles in the United States. The preparation of these financial statements requires us to make certain estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the condensed consolidated financial statements and the reported amounts of revenues and expenses during the reported periods. These items are monitored and analyzed by management for changes in facts and circumstances, and material changes in these estimates could occur in the future. Changes in estimates are reflected in reported results for the period in which the change occurs. We base our estimates on historical experience and various other assumptions that we believe to be reasonable under the circumstances. Actual results may differ from our estimates if past experience or other assumptions do not turn out to be substantially accurate. During the six months ended June 30, 2019, there were no material changes to our critical accounting policies as reported in our Annual Report on Form 10-K for the year ended December 31, 2018, which was filed with the SEC on February 13, 2019.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

As part of our investment portfolio, we own financial instruments that are sensitive to market risks. The investment portfolio is used to preserve our capital until it is required to fund operations, including our research and development activities. None of these market risk-sensitive instruments are held for trading purposes. We do not have derivative financial instruments in our investment portfolio.

Interest Rate Risk

We invest our cash in a variety of financial instruments, principally securities issued by the U.S. government and its agencies, investment-grade corporate bonds and commercial paper, and money market funds. These investments are denominated in U.S. Dollars. All of our interest-bearing securities are subject to interest rate risk and could decline in value if interest rates fluctuate. Substantially all of our investment portfolio consists of marketable securities with active secondary

or resale markets to help ensure portfolio liquidity, and we have implemented guidelines limiting the term-to-maturity of our investment instruments. Due to the conservative nature of these instruments, we do not believe that we have a material exposure to interest rate risk. If interest rates were to increase or decrease by 1%, the fair value of our investment portfolio would increase or decrease by an immaterial amount.

In 2016, we entered into a credit agreement. Loans under the credit agreement bear interest, at our option, at either a base rate or a Eurodollar rate, in each case plus an applicable margin. The applicable margin on base rate loans ranges from 0.75% to 1.50% and the applicable margin on Eurodollar loans ranges from 1.75% to 2.50%, in each case, based on our consolidated leverage ratio (as defined in the credit agreement). We do not believe that changes in interest rates related to the credit agreement would have a material effect on our financial statements. As of June 30, 2019, we had no principal or interest outstanding. A portion of our "Interest expense" in 2019 will be dependent on whether, and to what extent, we reborrow amounts under the existing facility.

Foreign Exchange Market Risk

As a result of our foreign operations, we face exposure to movements in foreign currency exchange rates, primarily the Euro and British Pound against the U.S. Dollar. The current exposures arise primarily from cash, accounts receivable, intercompany receivables and payables, payables and accruals and inventories. Both positive and negative effects to our net revenues from international product sales from movements in exchange rates are partially mitigated by the natural, opposite effect that exchange rates have on our international operating costs and expenses.

We have a foreign currency management program with the objective of reducing the effect of exchange rate fluctuations on our operating results and forecasted revenues and expenses denominated in foreign currencies. We currently have cash flow hedges for the Euro, British Pound, Canadian Dollar and Australian Dollar related to a portion of our forecasted product revenues that qualify for hedge accounting treatment under U.S. GAAP. We do not seek hedge accounting treatment for our foreign currency forward contracts related to monetary assets and liabilities that impact our operating results. As of June 30, 2019, we held foreign exchange forward contracts that were designated as cash flow hedges with notional amounts totaling $639.0 million and had a net fair value of $12.6 million recorded on our condensed consolidated balance sheet.

Although not predictive in nature, we believe a hypothetical 10% threshold reflects a reasonably possible near-term change in exchange rates. Assuming that the June 30, 2019 exchange rates were to change by a hypothetical 10%, the fair value recorded on our condensed consolidated balance sheet related to our foreign exchange forward contracts that were designated as cash flow hedges as of June 30, 2019 would change by approximately $63.9 million. However, since these contracts hedge a specific portion of our forecasted product revenues denominated in certain foreign currencies, any change in the fair value of these contracts is recorded in "Accumulated other comprehensive (loss) income" on our condensed consolidated balance sheet and is reclassified to earnings in the same periods during which the underlying product revenues affect earnings. Therefore, any change in the fair value of these contracts that would result from a hypothetical 10% change in exchange rates would be entirely offset by the change in value associated with the underlying hedged product revenues resulting in no impact on our future anticipated earnings and cash flows with respect to the hedged portion of our forecasted product revenues.

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

Our chief executive officer and chief financial officer, after evaluating the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended) as of the end of the period covered by this Quarterly Report on Form 10-Q, have concluded that, based on such evaluation, as of June 30, 2019 our disclosure controls and procedures were effective and designed to provide reasonable assurance that the information required to be disclosed is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. In designing and evaluating our disclosure controls and procedures, our management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and our management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

Changes in Internal Controls Over Financial Reporting

No change in our internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) under the Securities Exchange Act of 1934, as amended) occurred during the three months ended June 30, 2019 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

They can be affected by inaccurate assumptions or by known or unknown risks and uncertainties. Many factors mentioned in this Quarterly Report on Form 10-Q will be important in determining future results. Consequently, no forward-looking statement

can be guaranteed. Actual future results may vary materially from expected results. We also provide a cautionary discussion of risks and uncertainties under "Risk Factors" in Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2018, which was filed with the SEC on February 13, 2019. These are factors and uncertainties that we think could cause our actual results to differ materially from expected results. Other factors and uncertainties besides those listed there could also adversely affect us.

Without limiting the foregoing, the words "believes," "anticipates," "plans," "intends," "expects" and similar expressions are intended to identify forward-looking statements. There are a number of factors and uncertainties that could cause actual events or results to differ materially from those indicated by such forward-looking statements, many of which are beyond our control. In addition, the forward-looking statements contained herein represent our estimate only as of the date of this filing and should not be relied upon as representing our estimate as of any subsequent date. While we may elect to update these forward-looking statements at some point in the future, we specifically disclaim any obligation to do so to reflect actual results, changes in assumptions or changes in other factors affecting such forward-looking statements.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

Issuer Repurchases of Equity Securities

We had a share repurchase program (the "2018 Share Repurchase Program"), announced in January 2018, under which we were authorized to repurchase up to $500.0 million of our common stock by December 31, 2019. As of March 31, 2019, we had repurchased $448.0 million of common stock under the 2018 Share Repurchase Program and, as of June 30, 2019, had repurchased the entire $500.0 million of our common stock that was authorized under the 2018 Share Repurchase Program. The table set forth below shows repurchases of securities by us during the three months ended June 30, 2019; including shares repurchased under our 2018 Share Repurchase Program and a small number of restricted shares repurchased by us from employees pursuant to our equity programs. In July 2019, our Board of Directors approved a new share repurchase program, pursuant to which we are authorized to repurchase up to $500.0 million of our common stock between August 1, 2019 and December 31, 2020.

Period	Total Number of Shares Purchased (1)	Average Price Paid per Share	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs (2)	Approximate Dollar Value of Shares that May Yet be Purchased Under the Plans or Programs (2)
April 1, 2019 to April 30, 2019	296,434	$175.43	295,168	$—
May 1, 2019 to May 31, 2019	2,272	$0.01	—	$—
June 1, 2019 to June 30, 2019	480	$0.01	—	$—
Total	299,186	$173.82	295,168	$—

(1) Consists of 295,168 shares repurchased pursuant to our share repurchase program (described in footnote 2 below) at an average price per share of $176.19 and 4,018 restricted shares repurchased for $0.01 per share from our employees pursuant to our equity plans. While we have restricted shares that are continuing to vest under our equity plans that are subject to repurchase rights upon termination of service, we have transitioned our equity program to granting restricted stock units. Unvested restricted stock units are forfeited upon termination of service and do not result in an issuer repurchase that would be reflected in this table.

(2) Under our share repurchase program that was completed in the second quarter of 2019 and the new share repurchase program that we established in the third quarter of 2019, we are authorized to purchase shares from time to time through open market or privately negotiated transactions and such purchases may be made pursuant to Rule 10b5-1 plans or other means as determined by our management and in accordance with the requirements of the Securities and Exchange Commission. The approximate dollar value of shares that may yet be repurchased is based solely on shares that may be repurchased under the share repurchase program and excludes any shares that may be repurchased under our employee equity programs. The preceding table does not reflect the $500 million value of shares that may be purchased under the new share repurchase program because this program was not authorized until the third quarter of 2019.

The Board of Directors (and all committees thereof) shall adopt such resolutions or take such other actions (including obtaining any required consents, but not including the payment of any cash or non-cash consideration without Buyer's prior written consent) as may be required to effect the transactions described in this Section 2.8 as of the Effective Time. No later than four Business Days prior to the Effective Time, the Company shall provide copies of any such resolutions or other written communications or documents relating to the foregoing for Buyer's review and consent, not to be unreasonably withheld, conditioned, or delayed. The Company shall terminate the Company Stock Plan and all rights thereunder as of the Effective Time without Liability to Buyer and its Affiliates (including, following the Effective Time, the Surviving Corporation and its Affiliates), other than, with respect to Vested Company Stock Options, the obligation to make the payments required by Section 2.8.1 and with respect to Company Restricted Stock, the obligation to make the payments required by the terms of this Agreement and the Designated Individual Agreements. At and after the Effective Time, no Person shall have any right under the Company Stock Plan or any Contracts evidencing Company Stock Options or Company Restricted Stock awards.

2.9. **Paying Agent**. In connection with the Closing, Buyer, the Shareholders' Representative and Acquiom Financial LLC, a

Colorado limited liability company (in its capacity as the payments administrator, the "**Paying Agent**") shall have executed and delivered a paying agent agreement, in a form mutually agreed upon between such parties (the "**Paying Agent Agreement**"), pursuant to which the Paying Agent shall make the distributions of payments and take the other actions contemplated to be made and taken by the Paying Agent pursuant to and in accordance with the Paying Agent Agreement.

2.10. **Exchange Procedures**.

2.10.1. As promptly as reasonably practicable after the date of this Agreement (but in any event, no later than ten Business Days after the date of this Agreement), Buyer shall cause the Paying Agent to provide to each holder of a Certificate (i) a letter of transmittal in a form mutually agreed upon between the Parties and the Paying Agent (a "**Letter of Transmittal**") and (ii) instructions for use of the Letter of Transmittal in effecting the surrender of such Certificate in exchange for the Merger Consideration to be paid in accordance with Section 2.7.3 with respect to each of the shares of Company Capital Stock represented thereby. Upon surrender of a Certificate to the Paying Agent, together with such Letter of Transmittal duly executed and completed in accordance with the instructions thereto and a properly executed Form W-9 or appropriate Form W-8 (including any required attachments or schedules thereto), as applicable, from such holder in form and substance acceptable to the Paying Agent, the Paying Agent shall pay promptly, by electronic check (ACH), to the holder of such Certificate the cash payment described in Section 2.7.3(a) (rounded up to the nearest $0.01) into which the shares of Company Capital Stock represented by such Certificate were converted pursuant to Section 2.7.3, without any interest thereon, *provided*, *however*, that (A) any such Certificates and Letters of Transmittal delivered to the Paying Agent prior to the Closing shall be held in escrow by the Paying Agent, pending the consummation of the Closing, and shall be deemed to be surrendered upon the Closing, subject to the satisfaction of the instructions provided to such holder for effecting the surrender of the Certificates, (B) with respect to any Deferred Holder, the Paying Agent shall not pay to such holder any portion of Merger Consideration that is Deferred Consideration until the satisfaction of the applicable terms and conditions set forth in (1) with respect to the [*], the [*] Deferred Consideration Agreement, (2) with respect to any Designated Individual, such Designated Individual's Designated Individual Agreement or (3) with respect to any Deferred Holder that is not the [*] or a Designated Individual, in accordance with Schedule I and (C) payments in respect of shares of Company Restricted Stock for which a valid election under Section 83(b) of the Code has not been shall be made through the Surviving Corporation's payroll and not by the Paying Agent. The Certificates so surrendered shall forthwith be canceled. Until so surrendered, such Certificates shall upon and following the Effective Time represent solely the right to receive the Merger Consideration with respect to the shares of Company Capital Stock, without interest. Except as set forth in Section 2.10.2, no holder of a Certificate will be entitled to be paid any Merger Consideration unless and until such holder shall have complied with the requirements set forth in this Section 2.10.1, including due execution and delivery to the Paying Agent of the Letter of Transmittal by such holder of such Certificate, which constitutes an integral component of and limitation on the Merger Consideration.

2.10.2. If any Certificate shall have been lost, stolen or destroyed, upon the making of an affidavit of that fact by the Person claiming such Certificate to be lost, stolen or destroyed, Buyer shall issue in exchange for such lost, stolen or destroyed Certificate the Merger Consideration with respect to the shares of Company Capital Stock represented thereby to be paid (by the Paying Agent) in accordance with Section 2.7.3 and as contemplated under this ARTICLE 2; *provided*, *however*, that Buyer may, in its reasonable discretion and as a condition precedent to the issuance thereof, require the owner of such lost, stolen or destroyed Certificate to deliver an indemnification agreement as it may reasonably require with respect to any claim that may be made against Buyer or the Surviving Corporation with respect to the Certificate alleged to have been lost, stolen or destroyed. For the avoidance of doubt, any Person submitting such affidavit to the Paying Agent shall be liable under ARTICLE 8 to Buyer for any Losses resulting from any inaccuracies in the affidavit.

2.10.3. As promptly as reasonably practicable after the date of this Agreement (but in any event, no later than ten Business Days after the date of this Agreement), the Company shall provide to each holder of a Company Stock Option an option cancellation agreement in a form mutually agreed upon between the Parties (an "**Option Cancellation Agreement**"). Promptly following the receipt by the Paying Agent of an Option Cancellation Agreement duly executed and completed in accordance with the instructions thereto, the applicable portion of the Option Merger Consideration as set forth on Schedule I shall (i) first be paid by the Buyer to the Company and then shall be paid by the Surviving Corporation to such holder of such Vested Company Stock Option or (ii) for holders of Vested Company Stock Options who are not current or former employees of the Company, paid by the Paying Agent directly to such holder, in each case of clauses (i) and (ii), in accordance with Section 2.8, *provided*, *however*, that any such Option Cancellation Agreement delivered to the Paying Agent prior to the Closing shall be held in escrow by the Paying Agent, pending the consummation of the Closing, and shall be deemed to be delivered upon the Closing, subject to the terms and conditions set forth in such Option Cancellation Agreement. Notwithstanding anything in this Agreement to the contrary, no holder of Company Stock Options will be entitled to be paid any Option Merger Consideration unless and until such holder shall have complied with the requirements set forth in Section 2.10.3, including due execution and delivery to the Paying Agent by such holder of the Option Cancellation Agreement, which constitutes an integral component of and limitation on the Option Merger Consideration.

2.11. **Shareholders' Representative**.

2.11.1. By signing a Written Consent or voting in favor of or consenting to the Merger, the approval of the principal terms of the Merger, the consummation of the Merger and receiving the benefits thereof, including the right to receive the consideration payable in connection with the Merger, or by surrendering or delivering to the Paying Agent (i) a Certificate or an affidavit in lieu thereof (with respect to holders of Company Capital Stock) or (ii) an executed Option

Cancellation Agreement (with respect to holders of Vested Company Stock Options), in each case, in exchange for the consideration to be paid in accordance with this Agreement, each Company Holder irrevocably approves the appointment of, and hereby irrevocably appoints Shareholder Representative Services LLC as the sole, exclusive, true and lawful agent, representative and attorney-in-fact of all Company Holders and each of them (the "**Shareholders' Representative**") with respect to any and all matters relating to, arising out of, or in connection with, this Agreement and the agreements ancillary hereto, including for purposes of taking any action or omitting to take any action on behalf of Company Holders hereunder to:

(a) act for Company Holders with regard to all matters pertaining to indemnification under this Agreement, including the power to defend, compromise, or settle any claims and to otherwise prosecute or pursue any litigation claims, and the payment or non-payment of any of the Indemnification Escrow Amount;

(b) execute and deliver all amendments, waivers, ancillary agreements, certificates and documents that the Shareholders' Representative deems necessary or appropriate in connection with the consummation of the transactions contemplated by this Agreement;

(c) do or refrain from doing any further act or deed on behalf of Company Holders that the Shareholders' Representative deems necessary or appropriate in its discretion relating to the subject matter of this Agreement as fully and completely as Company Holders could do if personally present;

(d) give or receive notices to be given or received by Company Holders under this Agreement (except to the extent that this Agreement expressly contemplates that any such notice shall be given or received by each Company Holder individually);

(e) receive service of process in connection with any claims under this Agreement;

(f) give any written direction to the Paying Agent or the Escrow Agent;

(g) agree to, negotiate and/or comply with the determination of the Working Capital and the adjustment pursuant to Section 2.13; and

(h) agree to, negotiate, enter into settlements and compromises and/or comply with awards and court orders with respect to claims for indemnification; and

All actions, notices, communications and determinations by or on behalf of Company Holders shall be given or made by the Shareholders' Representative and all such actions, notices, communications and determinations by the Shareholders' Representative shall conclusively be deemed to have been authorized by, and shall be binding upon, any of and all Company Holders, and no Company Holder shall have the right to object, dissent, protest or otherwise contest the same. All decisions and actions of the Shareholders' Representative on behalf of the Company Holders shall be deemed to be facts ascertainable outside of this Agreement.

2.11.2. The Shareholders' Representative may resign at any time. If the Shareholders' Representative becomes unable to perform its responsibilities hereunder or resigns, then holders of a majority of the Company Capital Stock, based on their Pro Rata Percentage, promptly shall designate in writing to Buyer a single individual to fill the Shareholders' Representative vacancy as the successor Shareholders' Representative hereunder. If at any time there shall not be a Shareholders' Representative or Company Holders fail to designate a successor Shareholders' Representative, then Buyer may have a court of competent jurisdiction appoint a Shareholders' Representative hereunder. Holders of a majority of the Company Capital Stock, based on their Pro Rata Percentage, may also replace the Person serving as the Shareholders' Representative from time to time and for any reason upon at least ten days' prior written notice to Buyer. The Shareholders' Representative may be removed only upon delivery of written notice to the Buyer signed by Persons who, as of immediately prior to the Effective Time, held a majority (by voting power) of the then outstanding shares of Company Capital Stock.

2.11.3. The Shareholders' Representative shall act for Company Holders on all of the matters set forth in this Agreement in the manner the Shareholders' Representative believes to be in the best interest of Company Holders. The Shareholders' Representative is authorized to act on behalf of Company Holders notwithstanding any dispute or disagreement among Company Holders. In taking any actions as Shareholders' Representative, the Shareholders' Representative may rely conclusively, without any further inquiry or investigation, upon any certification or confirmation, oral or written, given by any Person the Shareholders' Representative reasonably believes to be authorized thereunto. The Shareholders' Representative will incur no liability of any kind with respect to any action or omission by the Shareholders' Representative in connection with the Shareholders' Representative's services pursuant to this Agreement and any agreements ancillary hereto, except in the event of liability directly resulting from the Shareholders' Representative's gross negligence or willful misconduct. The Shareholders' Representative shall not be liable for any action or omission pursuant to the advice of counsel. The Company Holders will indemnify, defend and hold harmless the Shareholders' Representative from and against any and all losses, liabilities, damages, claims, penalties, fines, forfeitures, actions, fees, costs and expenses (including the fees and expenses of counsel and experts and their staffs and all expense of document location, duplication and shipment) (collectively, "**Representative Losses**") arising out of or in connection with the Shareholders' Representative's execution and performance of this Agreement and any agreements ancillary hereto, in each case as such Representative Loss is suffered or incurred; provided, that in the event that any such Representative

Loss is finally adjudicated to have been directly caused by the gross negligence or willful misconduct of the Shareholders' Representative, the Shareholders' Representative will reimburse the Company Holders the amount of such indemnified Representative Loss to the extent attributable to such gross negligence or willful misconduct; provided, further, that in no event shall a Company Holder be liable under this Agreement or otherwise in connection with the transactions contemplated hereby or in connection therewith for any Representative Losses in excess of the Merger Consideration and Option Merger Consideration actually paid, or that becomes due and payable in accordance with Section 2.14, to him, her or it. If not paid directly to the Shareholders' Representative by the Company Holders, any such Representative Losses may be recovered by the Shareholders' Representative from (i) the funds in the Shareholders' Representative Reserve, (ii) the Adjustment Escrow Fund and the Indemnification Escrow Fund, in each case at such time as remaining amounts would otherwise be distributable to the Company Holders and (iii) any future Contingent Payments that become due and payable in accordance with Section 2.14; provided, that while this section allows the Shareholders' Representative to be paid from the aforementioned sources of funds, this does not relieve the Company Holders from their obligation to promptly pay such Representative Losses as they are suffered or incurred, nor does it prevent the Shareholders' Representative from seeking any remedies available to it at law or otherwise. In no event will the Shareholders' Representative be required to advance its own funds on behalf of the Company Holders or otherwise. Notwithstanding anything in this Agreement to the contrary, any restrictions or limitations on liability or indemnification obligations of, or provisions limiting the recourse against non-parties otherwise applicable to, the Company Holders set forth elsewhere in this Agreement are not intended to be applicable to the indemnities provided to the Shareholders' Representative under this section. The foregoing indemnities will survive the Closing, the resignation or removal of the Shareholders' Representative or the termination of this Agreement.

2.11.4. The Shareholders' Representative shall treat confidentially any Confidential Information of the Buyer or the Surviving Corporation disclosed to it pursuant to this Agreement and shall not use such Confidential Information other than in the performance of its duties as the Shareholders' Representative. In addition, the Shareholders' Representative shall not disclose any Confidential Information disclosed to it pursuant to this Agreement to anyone except as required by Applicable Law; *provided* that (i) the Shareholders' Representative may disclose such Confidential Information to legal counsel, employees, advisors, agents or consultants, in each case who have a need to know such information, provided that such persons are subject to confidentiality obligations with respect thereto no less restrictive than the obligations set forth in Section 6.10 of this Agreement, (ii) the Shareholders' Representative (or legal counsel, employees, advisors, agents or consultants to whom Confidential Information is disclosed pursuant to clause (i) above) may disclose such Confidential Information in any Action relating to this Agreement or the transactions contemplated hereby (or, in either case, discussion in preparation therefor) and (iii) the Shareholders' Representative may disclose to any Company Holder any such Confidential Information disclosed to the Shareholders' Representative subject to such Company Holder agreeing with Buyer in writing to restrictions on the disclosure and use of such Confidential Information consistent with or no less stringent than the restrictions to which the Shareholders' Representative is subject pursuant to this Section 2.11.4.

2.11.5. Buyer shall be entitled to rely on the authority of the Shareholders' Representative as the agent, representative and attorney-in-fact of Company Holders for all purposes under this Agreement and shall have no Liability for any such reliance. No Company Holder may revoke the authority of the Shareholders' Representative. Each Company Holder, by signing a Written Consent or otherwise voting in favor of or consenting to the Merger or by surrendering or delivering a Certificate or an affidavit in lieu thereof to the Paying Agent along with an executed Letter of Transmittal (with respect to holders of Company Capital Stock) or by delivering an executed Option Cancellation Agreement (with respect to holders of Company Stock Options), in each case, in exchange for the consideration to be paid in accordance with this Agreement, hereby ratifies and confirms, and hereby agrees to ratify and confirm, any action taken by the Shareholders' Representative in the exercise of the power-of-attorney granted to the Shareholders' Representative pursuant to this Section 2.11, which power-of-attorney, being coupled with an interest, is irrevocable and shall survive the death, incapacity or incompetence of such Company Holder. The provisions of this Section 2.11 are independent and severable, are irrevocable (subject only to Section 2.11.2) and coupled with an interest and shall be enforceable notwithstanding any rights or remedies that any Company Holder may have in connection with the transactions contemplated by this Agreement.

2.11.6. At the Closing, the Paying Agent shall distribute the Shareholders' Representative Reserve to the Shareholders' Representative, which shall be maintained by the Shareholders' Representative in a segregated account for paying directly or reimbursing the Shareholders' Representative for any third party expenses in performing the obligations and exercising the rights of the Shareholders' Representative hereunder or under any agreements ancillary hereto. The Shareholders' Representative will hold these funds separate from its corporate funds, will not use these funds for its operating expenses or any other corporate purposes and will not voluntarily make these funds available to its creditors in the event of bankruptcy. Company Holders shall not receive interest or other earnings on the Shareholders' Representative Reserve and Company Holders irrevocably transfer and assign to the Shareholders' Representative any ownership right that they may otherwise have had in any interest that may accrue on funds held in the Shareholders' Representative Reserve. Company Holders acknowledge that the Shareholders' Representative is not providing any investment supervision, recommendations or advice. The Shareholders' Representative shall have no responsibility or liability for any loss of principal of the Shareholders' Representative Reserve other than as a result of its gross negligence or willful misconduct. For Tax purposes, the Shareholders' Representative Reserve shall be treated as having been received and voluntarily set aside by Company Holders at the time of Closing. The Shareholders' Representative shall be reimbursed for out-of-pocket expenses incurred in the performance of its duties (including the reasonable fees

and expenses of counsel) under this Agreement from the Shareholders' Representative Reserve; *provided* that if the Shareholders' Representative Reserve is insufficient to pay such expenses, then the Shareholders' Representative shall be reimbursed directly from Company Holders on a several basis (and not a joint and several basis) according to their Pro Rata Percentage. Upon the determination of the Shareholders' Representative that the Shareholders' Representative Reserve is no longer necessary in connection with claims for indemnification of the Shareholders' Representative pursuant to this Section 2.11, the Shareholders' Representative shall distribute to the Paying Agent for further distribution to the Company Holders (solely out of the Shareholders' Representative Reserve) the amount remaining in the Shareholders' Representative Reserve after payment of all of the Shareholders' Representative's out-of-pocket expenses incurred in connection with its services as Shareholders' Representative. The Shareholders' Representative Reserve shall not be available to Buyer to satisfy any claims hereunder. Any payments as may be required by the Shareholders' Representative to be made directly to it by any Company Holders pursuant to this Agreement or any other agreement shall be paid in accordance with such Company Holder's Pro Rata Percentage.

2.11.7. The provisions of this Section 2.11 shall be binding upon the executors, heirs, legal representatives, personal representatives, successor trustees and successors of each Company Holder, and any references in this Agreement to a Company Holder shall mean and include the successors to the rights of each applicable Company Holder hereunder, whether pursuant to testamentary disposition, the laws of descent and distribution or otherwise.

2.12. **Close of Stock Transfer Books**. At the Effective Time, the stock transfer books of the Company shall be closed and thereafter there shall be no further registration of transfers of shares of Company Capital Stock on the records of the Company. From and after the Effective Time, no shares of Company Capital Stock issued and outstanding immediately prior to the Effective Time shall be deemed to be outstanding, and the holders of shares of Company Capital Stock immediately prior to the Effective Time shall cease to have any rights with respect to such shares, except as otherwise provided herein or by Applicable Law.

2.13. **Working Capital Adjustment**.

2.13.1. The Closing Payment shall be adjusted by an amount (the "**Closing Working Capital Adjustment**") equal to any Positive Working Capital Adjustment or any Negative Working Capital Adjustment, as applicable, as set forth in this Section 2.13.1. At least four Business Days prior to the Closing Date, the Company shall provide a statement that sets forth its good faith calculation of the Working Capital of the Company as of the close of business on the day immediately prior to the Closing Date (except that Pre-Closing Tax Liabilities shall be determined as of the end of the day on the Closing Date) (the "**Estimated Closing Date Working Capital**"), which shall be determined in accordance with GAAP (except to the extent otherwise provided in the definition of Working Capital), applied in a manner consistent with the preparation, assumptions and estimates made or used in the preparation of the Working Capital Exhibit. In the event the Estimated Closing Date Working Capital is a negative amount, the Closing Payment shall be reduced by the absolute value of such amount (the "**Negative Working Capital Adjustment**"). In the event the Estimated Closing Date Working Capital is a positive amount, the Closing Payment shall be increased by an amount equal to the absolute value of such amount (the "**Positive Working Capital Adjustment**"). Following Buyer's receipt of the statement setting forth the Estimated Closing Date Working Capital, the Company shall provide to Buyer and Merger Sub, and their authorized representatives, reasonable access to all records used in preparing such Estimated Closing Date Working Capital (and employees of the Company who can adequately answer questions on the Estimated Closing Date Working Capital, including such access to facilities as is reasonably necessary to have such access to such employees) and, if applicable, the Company's outside accountants and their work papers and other documents used in preparing such Estimated Closing Date Working Capital. No later than [*] after the Closing Date, Buyer shall prepare or cause to be prepared and delivered to the Shareholders' Representative a statement setting forth Buyer's good faith calculation of the Working Capital of the Company as of the close of business on the day immediately prior to the Closing Date (the "**Buyer's Closing Date Working Capital Calculation**"), which shall be determined in accordance with GAAP (except to the extent otherwise provided in the definition of Working Capital), applied in a manner consistent with the preparation, assumptions and estimates made or used in the preparation of the Working Capital Exhibit.

2.13.2. If Buyer does not deliver the Buyer's Closing Date Working Capital Calculation as set forth above, then the Estimated Closing Date Working Capital shall be deemed for all purposes of this Agreement to be the Buyer's Closing Date Working Capital Calculation. The Shareholders' Representative may provide a written notice to Buyer of any disagreement with respect to the Buyer's Closing Date Working Capital Calculation within [*] after delivery of Buyer's Closing Date Working Capital Calculation to the Shareholders' Representative. If the Shareholders' Representative provides such a notice, the Shareholders' Representative and Buyer will attempt in good faith to resolve such disagreement. If, within [*] after delivery to Buyer of such notification by the Shareholders' Representative, they are unable to resolve such disagreement, either Buyer, on the one hand, or the Shareholders' Representative, on the other hand, shall have the right to submit the determination of such matter to an accounting firm of nationally recognized independent public accountants reasonably acceptable to each of Buyer and the Shareholders' Representative, or, in the absence of mutual agreement, Deloitte LLP (the "**Auditor**"). Each Party agrees to execute a reasonable engagement letter, and all fees and expenses relating to the work performed by the Auditor shall be shared equally between Buyer and the Shareholders' Representative (on behalf of the Company Holders); provided, that if the Auditor determines that either the Shareholders' Representative or the Buyer has adopted a position or positions with respect to the Working Capital that is frivolous or clearly without merit, the Auditor (a) may, in its discretion, assign a greater portion of any such fees and expenses to the Shareholders' Representative (on behalf of the Company Holders) or the Buyer, as applicable, and (b) shall provide to the Shareholders' Representative and the Buyer a written explanation of its reasons

for making such a determination. The Auditor shall not be authorized or permitted to: (x) determine any questions or matters whatsoever under or in connection with this Agreement except for the resolution of differences between the Shareholders' Representative and the Buyer regarding the determination of the Working Capital in accordance with this Section 2.13; or (y) apply any accounting principles, policies, methods, treatments or procedures other than those used in the preparation of the Working Capital Exhibit and required by Applicable Law. In all cases, the Auditor shall act as an expert and not as arbitrator. Within [*] after the selection of the Auditor, the Auditor shall make a determination of all issues in dispute in connection with the Buyer's Closing Date Working Capital Calculation pursuant to such procedures as the Auditor deems fair and reasonable and shall set forth in a written statement delivered to Buyer and the Shareholders' Representative the final Closing Working Capital Adjustment; *provided however*, such final Closing Working Capital Adjustment shall be an amount equal to either the Closing Working Capital Adjustment that was based on the Buyer's Closing Date Working Capital Calculation or the Company's Estimated Closing Date Working Capital or an amount in between. Such determination shall be final, conclusive and binding on the Parties absent fraud or manifest error. The amount equal to the difference of the final Closing Working Capital Adjustment determined in accordance with this Section 2.13.2 less the Closing Working Capital Adjustment, if any, made pursuant to Section 2.13.1 is referred to herein as the "**Final Closing Working Capital Adjustment Amount**". If the Final Closing Working Capital Adjustment Amount is a negative amount, then Buyer shall be entitled to prompt payment from the Adjustment Escrow Fund of the absolute value of such amount; *provided* that if the Adjustment Escrow Amount is less than the amount to be paid to Buyer, then Buyer shall be entitled to receive such excess amount from the Indemnification Escrow Fund. If the Final Closing Working Capital Adjustment Amount is a positive amount, then Buyer shall promptly pay the Paying Agent, for distribution to the Company Holders or to the Surviving Corporation for amounts to be paid through payroll, according to the applicable percentages set forth on Schedule I, such amount due to them, if any.

2.13.3. Following the Shareholders' Representative's receipt of the statement setting forth Buyer's Closing Date Working Capital Calculation, the Buyer and its Affiliates, including the Surviving Corporation, shall provide to the Shareholders' Representative, and its authorized representatives, reasonable access to all records used in preparing such Buyer's Closing Date Working Capital Calculation (and employees of the Buyer or its Affiliates, including the Surviving Corporation, who can adequately answer questions on Buyer's Closing Date Working Capital Calculation).

2.13.4. Other than in the case of Fraud, the Parties agree that the procedures set forth in this Section 2.13 shall be the sole and exclusive method for resolving any disputes with respect to the determination of the Working Capital and the Final Closing Working Capital Adjustment Amount; provided, that this provision shall not prohibit the Buyer or the Shareholders' Representative from instituting litigation to enforce a ruling of the Auditor.

2.14. **Contingent Payments**.

2.14.1. In addition to the Closing Payment payable pursuant to Section 2.7.3(a), Company Holders shall be entitled to certain additional contingent payments from Buyer after the Closing as and to the extent set forth in this Section 2.14 (each such additional payment, a "**Contingent Payment**"), subject to all the terms and conditions of this Section 2.14.

2.14.2. Buyer shall make the Contingent Payments described below in cash to the Paying Agent subject to and upon the occurrence of the following events set forth in the table below (each of such twelve (12) events, a "**Milestone**"), whether achieved by or on behalf of Buyer, the Surviving Corporation, or any of their respective Affiliates, or any Buyer Rights Successor, less any applicable Contingent Payment Deal Fees. The Paying Agent shall distribute such amounts to the Company Holders, as set forth in Schedule I, less (without duplication) any applicable Contingent Payment Deal Fees, with such disbursements paid through the payroll process of the Surviving Corporation or through the Paying Agent, as applicable, *provided, however*, that (a) with respect to any Deferred Holder (other than the [*] and the Designated Individuals), the Deferred Consideration of such Deferred Holder shall be payable only to the extent and in accordance with Schedule I or (b) with respect to any Deferred Holder that is a Designated Individual, such Deferred Holder's Designated Individual Agreement, and, in each case, any such amounts to which a Deferred Holder does not become entitled shall be retained by Buyer:

2.14.4. Each Contingent Payment is payable only once. In no event shall any of the Contingent Payments be paid more than once, regardless of the number of times the corresponding Milestone is achieved by or on behalf of Buyer, Surviving Corporation or any of their respective Affiliates, or any Buyer Rights Successor. In the event that (a) the first Clinical Trial that is Initiated for a Product is also a Pivotal Trial for such Product, then both Milestone No. 1 and Milestone No. 2 shall be payable on the Initiation of such Clinical Trial, (b) at the time a Clinical Trial for a Product is Initiated, such Clinical Trial is not a Pivotal Trial, the Pivotal Trial for such Product shall be deemed to have occurred on the date on which an Approval Application is filed in respect of a Product with the appropriate Regulatory Authority in any country or jurisdiction and (c) Milestone No. 3 is achieved then Milestone No. 1 and Milestone No. 2 shall be payable upon such achievement of Milestone No. 3 to the extent not previously paid. 2.14.5. In the event of an Insolvency Event prior to the expiration of Buyer's obligations set forth in Section 2.14.2, all Contingent Payments will be deemed to have been paid and a promissory note therefor issued by Buyer to the Shareholders' Representative (to be held solely on behalf of the Company Holders and in its capacity as the Shareholders' Representative) in the amount of such Contingent Payments 91 days prior to such Insolvency Event.

2.14.6. Commencing on the Closing Date and continuing until the earlier to occur of (i) expiration of Buyer's obligations set forth in Section 2.14.9 and (ii) achievement of the last Milestone, Buyer shall provide the Shareholders' Representative, within [*] following January 1st of each calendar year, with a written report summarizing in reasonable detail the status of the development of each Product with respect to which a Contingent Payment remains unpaid. Upon the Shareholders' Representative's reasonable request and in a frequency of no more than once per calendar year, representatives of Buyer that are familiar with the development status of each such Product shall meet with the Shareholders' Representative in person, by phone or as otherwise may be mutually agreed, to discuss the development status of each such Product in reasonable detail. Notwithstanding Section 6.10, Buyer, Merger Sub and their respective Affiliates each agree that the Shareholders' Representative may disclose the information disclosed hereunder to each Company Holder, and any Company Holder may disclose such information to any limited partners of such Company Holder subject to customary confidentiality obligations no less restrictive than the obligations set forth in Section 6.10 of this Agreement.

2.14.1. Within [*] of the occurrence of any Milestone set forth in Section 2.14.2, Buyer shall provide written notice to the Shareholders' Representative that such Milestone has occurred. Within [*] after the occurrence of a Milestone, Buyer shall pay, or shall cause to be paid, to the Paying Agent for distribution to the Company Holders or to the Surviving Corporation for amounts to be paid through payroll an aggregate amount in cash equal to the amount of the applicable Contingent Payment in accordance with this Section 2.14.

2.14.2. Subject to the terms and conditions of (a) with respect to Deferred Holders (other than the [*] and the Designated Individuals), Schedule I or (b) with respect to Deferred Holders that are Designated Individuals, such Deferred Holder's Designated Individual Agreement, each Company Holder shall be entitled to receive only the portion of any Contingent Payment as set forth in Schedule I (less such Company Holder's Pro Rata Percentage of any applicable Contingent Payment Deal Fees) once such Contingent Payment becomes due and payable in accordance with this Section 2.14.

2.14.3. No interest shall accrue or be paid on any portion of any Contingent Payment, except as otherwise expressly provided herein. For Tax purposes, however, the Parties agree that all payments made under this Section 2.14 (other than to Designated Individuals) shall to the extent permitted by Applicable Law be reported as additional Merger Consideration or Option Merger Consideration, as applicable, except to the extent such amounts are characterized as interest for Tax purposes.

2.14.4. Following the Closing and continuing until the [*] of the Closing Date, Buyer shall, and shall cause its Affiliates (including the Surviving Corporation) and any Buyer Rights Successor to, use Commercially Reasonable Efforts to achieve each of the Milestones. Subject to the foregoing obligation to use Commercially Reasonable Efforts, neither Buyer, Merger Sub nor any of their respective Affiliates has furnished or provided any assurances regarding the achievability of the condition to the payment of the Contingent Payments set forth in this Section 2.14 or the likelihood thereof.

2.14.5. With respect to Contingent Payments made in respect of Designated Company Restricted Stock, Contingent Payments shall only be made to the extent such Designated Company Restricted Stock would be vested pursuant to the terms of the Designated Company Restricted Stock agreement entered into between the Company and such Deferred Holder in respect of such Designated Company Restricted Stock as set forth in Schedule I and any such amounts to which a Deferred Holder does not become entitled shall be retained by Buyer. If any Contingent Payments become payable hereunder before the Designated Company Restricted Stock would have vested, such payments shall not be made unless and until the corresponding Designated Company Restricted Stock would have vested. If a holder of Designated Company Restricted Stock is terminated following Closing and, as a result of such termination, would have forfeited his or her Designated Company Restricted Stock, Buyer will repay to such Deferred Holder the lesser of (x) the original purchase price set forth in Schedule I, or (y) the then fair market value of such forfeited Designated Company Restricted

Stock, in each case, as provided pursuant to the terms of the Designated Company Restricted Stock agreement. In such case, any Contingent Payments related to Designated Company Restricted Stock that would have been vested by its terms as of such termination will continue to be paid subject to the terms of this Section 2.14.

2.14.6. With respect to Contingent Payments made in respect of Vested Company Stock Options or Company Restricted Stock with respect to which a valid election under Section 83(b) of the Code has not been made, no payments shall be made following the 5th anniversary of the Closing unless the applicable Milestone to which such Contingent Payment relates constitutes a short-term deferral within the meaning of Section 409A of the Code, with any such payments that are made following the 5th anniversary of the Closing to be paid within the time period required so that such payments remain short-term deferrals.

2.14.7. After the Closing, no Company Holder may sell, exchange, transfer or otherwise dispose of his, her or its right to receive any portion of any Contingent Payments that becomes due and payable to such Company Holder in respect of such Company Holder's Company Capital Stock in accordance with this Section 2.14, other than (i) upon death by will or intestacy; (ii) by instrument to an inter vivos or testamentary trust in which the right to receive any Contingent Payments or any portion thereof is to be passed to beneficiaries upon the death of the trustee; (iii) made pursuant to a court order; (iv) made by operation of law (including a consolidation or merger) or without consideration in connection with the dissolution, liquidation or termination of any corporation, limited liability company, partnership or other entity; (v) in the case of Contingent Payments payable to a nominee, from a nominee to a beneficial owner (and, if applicable, through an intermediary) or from such nominee to another nominee for the same beneficial owner, in each case as allowable by a nationally recognized trust company; or (vi) to any Person, with Buyer's consent. Any transfer in violation of this Section 2.14.13 shall be null and void and shall not be recognized by Buyer or the Surviving Corporation.

2.14.8. Any payments or portions thereof due hereunder that are not paid when due will accrue interest from the date due until paid at an annual rate equal to the lower of [*].

2.15. **Escrow**.

2.15.1. In connection with the Closing, Buyer, the Shareholders' Representative and the Escrow Agent shall have executed and delivered an escrow agreement, in a form mutually agreed upon between such parties (the "**Escrow Agreement**"), under which SunTrust Bank shall act as escrow agent (the "**Escrow Agent**") with respect to (a) an escrow fund into which the Adjustment Escrow Amount is deposited (the "**Adjustment Escrow Fund**") for the purpose of securing payment of any adjustments to the Working Capital in accordance with Section 2.13.2 and an escrow fund into which the Indemnification Escrow Amount is deposited (the "**Indemnification Escrow Fund**") for the purpose of securing the payment of the Company Holders' indemnification obligations pursuant to ARTICLE 8. The Parties will, to the extent consistent with Applicable Law, treat the Adjustment Escrow Fund and the Indemnification Escrow Fund and any earnings thereon as owned by Buyer for Tax purposes.

2.15.2. Following the determination of the Final Closing Working Capital Adjustment Amount and payment of any amounts due to Buyer pursuant to Section 2.13.2 in accordance with the Escrow Agreement, the Escrow Agent shall make available to (i) the Surviving Corporation with respect to amounts (A) to be paid through payroll and (B) which represent Escrow Release Tax Costs or (ii) the Paying Agent for distribution to the Company Holders of the then-remaining Adjustment Escrow Amount, and each of the Surviving Corporation and the Paying Agent, as applicable, shall pay each Company Holder its Upfront Payment Pro Rata Percentage of the then-remaining Adjustment Escrow Amount (after appropriate reduction for any applicable Escrow Release Tax Costs).

2.15.3. 2.15.4. The execution of a Written Consent or the adoption of this Agreement and the approval of the transactions contemplated hereby, including the Merger, by the Company Shareholders shall constitute approval of the Escrow Agreement and all arrangements related thereto, including the depositing of the Adjustment Escrow Amount into the Adjustment Escrow Fund and the Indemnification Escrow Amount into the Indemnification Escrow Fund. Any interest accruing with respect to the Adjustment Escrow Fund or the Indemnification Escrow Fund shall be deemed part of the Adjustment Escrow Amount or the Indemnification Escrow Amount, respectively, for all indemnification and escrow disbursement purposes hereunder. The right of any Company Holder to receive its portion of the Adjustment Escrow Fund and the Indemnification Escrow Fund, if any, (i) is an integral part of the Merger Consideration and Option Merger Consideration, as applicable, provided for in this Agreement, (ii) does not give the Company Holders dividend rights, voting rights, liquidation rights, preemptive rights or other rights of holders of capital stock of the Company, (iii) shall not be evidenced by a certificate or other instrument, (iv) shall not be assignable or otherwise transferable by such Company Holder, except in the manner as provided for Contingent Payments set forth in Section 2.14.11, and (v) does not represent any right other than the right to receive the consideration set forth in this Section 2.15. Any attempted

transfer of the right to any portion of the Adjustment Escrow Amount or the Indemnification Escrow Amount by any holder thereof (other than as specifically permitted by the immediately preceding sentence) shall be null and void.

2.16.1. Notwithstanding anything in this Agreement to the contrary, any shares of Company Capital Stock outstanding immediately prior to the Effective Time and held by a Company Shareholder who has not voted in favor of the Merger, consented thereto in writing or otherwise contractually waived its rights to appraisal and who has exercised and perfected appraisal or dissenters rights for such shares in accordance with Section 262 of the DGCL and has not effectively withdrawn or lost such appraisal or dissenters rights (collectively, the "**Dissenting Shares**") shall not be converted into or represent the right to consideration for Company Capital Stock set forth in Section 2.7 and the holder or holders of such shares shall be entitled only to such rights as may be granted to such holder or holders in Section 262 of the DGCL.

2.16.2. At the Effective Time, the Dissenting Shares shall no longer be outstanding and shall automatically be cancelled and shall cease to exist, and each holder of Dissenting Shares shall cease to have any rights with respect thereto, except the right to receive the appraised value of such shares in accordance with the provisions of Section 262 of the DGCL. Notwithstanding the provisions of Section 2.16.1, if any holder of Dissenting Shares shall effectively withdraw or lose (through failure to perfect or otherwise) such holder's appraisal rights and dissenters rights under Section 262 of the DGCL, or a court of competent jurisdiction shall determine that such holder is not entitled to relief provided under Section 262 of the DGCL, then, as of the later of the Effective Time and the occurrence of such event, such holder's shares of Company Capital Stock shall automatically be converted into and represent only the right to receive the consideration for Company Capital Stock set forth in Section 2.7, without interest, following surrender of the Certificate representing such shares in the manner provided in Section 2.10 or, in the case of a lost, stolen, mutilated, defaced or destroyed Certificate, upon delivery of the documents, if required, described in Section 2.10. The Company shall give Buyer prompt notice of any written demands for appraisal, withdrawals of demands for appraisal and any other related instruments served pursuant to the DGCL and received by the Company, and Buyer shall have the right to participate in and direct all negotiations and proceedings with respect to such demands. To the extent that any amounts are so deducted or withheld, such amounts will be treated for all purposes of this Agreement and the Escrow Agreement as having been paid to the Person in respect of which such deduction and withholding was made, and will be timely remitted to the applicable Taxing Authority. Notwithstanding the foregoing, Buyer confirms that it will not, absent a change in Applicable Law, [*] (y) the Company has provided a valid certificate and notice pursuant to Treasury Regulations Section 1.897-2(h) in accordance with Section 3.2.4 of this Agreement.

No agreement or arrangement extending, or having the effect of extending, the period of assessment or collection of any Taxes payable by the Company is in effect and the Company is not the beneficiary of any extension of time within which to file any Tax Return. There is no power of attorney given by or binding upon the Company with respect to Taxes. No closing agreements, private letter rulings, technical advice memorandum or similar agreements or rulings relating to Taxes have been entered into or issued by any Taxing Authority with or in respect of the Company.

4.16.8. The unpaid Taxes of the Company for all Pre-Closing Tax Periods as of the end of the day on the Closing Date shall not exceed the amount of Taxes included as a current liability in the calculation of Working Capital, as finally determined.

4.16.9. The unpaid Taxes of the Company did not (i) as of the Most Recent Balance Sheet Date exceed the reserve for Taxes (excluding any reserve for Taxes established to reflect timing differences between book and Tax income) set forth on the face of the Most Recent Balance Sheet (rather than in any notes thereto), and (ii) will not, as of the Closing Date, exceed such reserve for Taxes as adjusted for ordinary course operations consistent with past practice through the Closing Date. Since the Most Recent Balance Sheet Date, the Company has not incurred any material liability for Taxes outside the ordinary course of business consistent with past practice (other than in connection with the transactions contemplated by this Agreement).

4.16.10. The Company will not be required to include any item of income in, or exclude any item of deduction from, Taxable income for any Post-Closing Tax Period as a result of any (i) change in method of accounting for a Pre-Closing Tax Period, (ii) "closing agreement" as described in Section 7121 of the Code (or any corresponding or similar provision of state, local or foreign law) executed on or prior to the Closing Date, (iii) installment sale or open transaction disposition made in a Pre-Closing Tax Period, (iv) prepaid amount received or paid or deferred revenue in existence in a Pre-Closing Tax Period or (v) election pursuant to Section 108(i) of the Code made on or prior to the Closing Date.

Code Section 897.

4.16.12. The Company is not, and has never been, a member of an affiliated group of corporations filing a consolidated federal income Tax Return. The Company has no Liability for the Taxes of any Person under Treasury Regulations Section 1.1502-6 (or comparable provision of domestic or foreign Tax Law), as a transferee or successor or by Contract (other than with respect to Contracts that are not primarily related to Taxes entered into in the ordinary course of business).

4.16.13. The Company has not constituted a "distributing corporation" or a "controlled corporation" in a distribution qualifying or purported to qualify for Tax-free treatment (in whole or in part) under Code Section 355(a) or under analogous provisions of domestic or foreign Tax Law.

4.16.14. The Company is not a party to, or otherwise bound by or subject to, any Tax sharing, allocation or indemnification or similar agreement, provision or arrangement (other than Contracts that are not primarily related to Taxes entered into in the ordinary course of business).

4.16.15. The Company is not a party to any joint venture, partnership or other arrangement or Contract which could be treated as a partnership for Tax purposes.

4.16.16. The Company has not been a party to a transaction that is or is substantially similar to a "reportable transaction" as such term is defined in Treasury Regulations Section 1.6011-4(b) or any "tax shelter" within the meaning of Code Section 6662, or any other transaction requiring disclosure under analogous provisions of domestic or foreign Tax Law.

4.16.17. Neither the execution and delivery of the Agreement nor the consummation of the transactions contemplated hereby (either alone or upon the occurrence of any additional or subsequent event) will constitute a triggering event under any Plan, policy, Contract, arrangement or commitment, whether or not legally enforceable, which (either alone or upon the occurrence of any additional or subsequent event) will or could reasonably be expected to result in any "excess parachute payment" (as defined in Section 280G of the Code and the regulations thereunder (collectively, "**Section 280G**")).

4.16.18. Each holder of Company Restricted Stock has made a valid election under Section 83(b) of the Code with respect to such Company Restricted Stock.

4.16.19. Since the Most Recent Balance Sheet Date, the Company has not: changed or revoked any Tax election, changed any method of accounting for Tax purposes, changed any Tax accounting period, amended any Tax Return, surrendered any right to claim a refund of Taxes, settled or compromised any Action in respect of Taxes, voluntarily approached any Taxing Authority in respect of prior year Taxes (including through any voluntary disclosure process), consented to any extension or waiver of the statutory period of limitations applicable to any Action in respect of Taxes, entered into any contractual obligation in respect of Taxes with any Governmental Authority or other party, or taken any action outside of the ordinary course of business that could increase the Taxes of the Company for any period ending after the Closing Date or decrease any Tax attribute of the Company existing on the Closing Date.

4.16.20. Notwithstanding anything to the contrary in this Agreement, it is agreed and understood that (i) other than the second two sentences of Section 4.16.7 and Sections 4.16.10, 4.16.12, 4.16.14, 4.16.18, 4.16.19, the representations and warranties of the Company in this Section 4.16 refer only to activities prior to the Closing and shall not serve as representations and warranties regarding, or a guarantee of, nor can they be relied upon with respect to, Taxes attributable to any Tax period (or portion thereof) beginning, or Tax positions taken, after the Closing Date, and (ii) no representations or guarantees are made with respect to the amount or availability of Tax attributes of the Company for any taxable period (or portion thereof) beginning after the Closing Date.

4.17. **Insurance**. Section 4.17 of the Disclosure Schedule contains a complete and accurate list of all policies of fire, liability, workers' compensation, title and other forms of insurance owned, held by or otherwise applicable to the assets, properties or operations of the Company, and the Company has heretofore delivered to Buyer a complete and accurate copy of all such policies, including all occurrence based policies applicable to the assets, properties or operations of the Company for all periods prior to the Closing Date. All such policies (or substitute policies with substantially similar terms and underwritten by insurance carriers with substantially similar or higher ratings) are valid and subsisting and in full force and effect in accordance with their terms, all premiums with respect thereto covering all periods up to and including the Closing Date have been paid, and no notice of cancellation or termination (or any other threatened termination) has been received with respect to any such policy. The Company is not in default under any of such insurance policies, and there exists no event, occurrence, condition or act which, with the giving of notice, the lapse of time or the happening of any other event or condition, would become a default thereunder. There are no pending or, to the knowledge of the Company, threatened claims under any insurance policy.

4.18. **Benefit Plans**.

4.18.1. Section 4.18.1 of the Disclosure Schedule contains a complete and correct list of all: (i) "employee benefit plans," within the meaning of Section 3(3) of the Employee Retirement Income Security Act of 1974, as amended, ("**ERISA**"), whether or not subject to ERISA; (ii) bonus, stock option, stock purchase, restricted stock, equity or equity-based compensation, stock appreciation rights, phantom stock, incentive, fringe benefit, voluntary employees' beneficiary associations under Section 501(c)(9) of the Code, profit-sharing, commission, pension, retirement, deferred

compensation, day or dependent care, legal services, cafeteria, medical, life insurance, dental, vision, disability, accident, salary continuation, severance, accrued leave, vacation, sick pay, sick leave, supplemental retirement, unemployment and welfare benefit Contracts, plans, programs, arrangements, commitments or practices (whether or not insured); and (iii) employment, consulting, individual independent contractor, services agreement, termination, change in control, retention, and severance Contracts, plans, programs, arrangements, commitments or practices, in each case, that the Company has established, maintained or contributed to (or with respect to which an obligation to contribute has been undertaken) or that the Company is a party to, in each case, with or for the benefit of, as applicable, any Company Personnel, or with respect to which the Company has any Liability (collectively, the "**Plans**").

4.18.2. No Plan is, and neither the Company nor any ERISA Affiliate has ever at any time sponsored, contributed to, been required to contribute to, maintained or had any Liability in respect of, (A) a Plan that is or was subject to Title IV of ERISA or Section 412 of the Code or Section 302 of ERISA or (B) a "multiemployer plan" (as defined in Section 4001(a)(3) of ERISA). For this purpose, "**ERISA Affiliate**" shall mean any person that for purposes of Title I and Title IV of ERISA and Section 412 of the Code would be deemed at any relevant time to be a single employer with the Company under Section 414(b), (c), (m) or (o) of the Code or Section 4001 of ERISA.

4.18.3. All Plans have been administered and operated in all material respects in compliance with their terms and with all requirements of Applicable Law, including ERISA and the Code. No event or omission has occurred which would reasonably be expected to cause any Plan to fail to satisfy the relevant requirements to provide tax-favored benefits under the applicable Code Section (including Code Sections 105 and 125). Each Plan intended to be qualified under Section 401(a) of the Code (including each related trust intended to be exempt from taxation under Section 501(a) of the Code) has received a favorable IRS determination letter or is comprised of a master or prototype plan that has received a favorable opinion letter from the IRS upon which it can rely. Since the date of each such determination letter or opinion letter, no event has occurred and no condition exists that would reasonably be expected to result in the revocation of any such determination letter or opinion letter or that would reasonably be expected to adversely affect the qualified status of any such Plan (or the tax-exempt status of any such trust) or that would reasonably be expected to result in material Liability to the Company. None of the Plans provide for post-employment or retiree health, life insurance and/or other welfare benefits (except as required by Section 4980B of the Code or any similar state law), and the Company has no obligation to provide any such benefits to any Company Personnel following such person's retirement or termination of service. Each Plan that is a "nonqualified deferred compensation plan" subject to Section 409A of the Code has been maintained and operated in both operational and documentary compliance with Section 409A of the Code in all material respects.

4.18.4. Each Plan may be amended, terminated or otherwise modified by the Company to the greatest extent permitted by Applicable Law. The Company does not have any commitment to create, modify or terminate any Plan. No event has occurred, and no condition or circumstance exists, that could reasonably be expected to result in a material increase in the benefits under or the expense of maintaining any Plan as compared to the level of benefits or expense incurred for the most recently ended fiscal year of the Company.

4.18.5. Neither the Company nor any of its directors, officers, employees nor, to the knowledge of the Company, other Persons who participate in the operation of any Plan or related trust or funding vehicle, has engaged in any transaction with respect to any Plan or breached any applicable fiduciary responsibilities or obligations under ERISA or the Code that could reasonably be expected to result in any claim being made under, by or on behalf of any such Plan by any Person with standing to make such claim for which the Company could have material Liability.

4.18.6. Other than routine claims for benefits made in the Ordinary Course of Business, there are no pending Actions or other claims, actions or investigations, and to the knowledge of the Company no Actions or other claims, actions or investigations are threatened, against any Plan or fiduciary of any such Plan by any participant, beneficiary or Governmental Authority for which the Company could have material Liability, and to the knowledge of the Company there is no basis to anticipate that any such Actions will be made or asserted. To the knowledge of the Company, there are no inspections or audits pending to be resolved or implemented by any Governmental Authority to verify compliance relating to any Plan or term and condition of employment. To the knowledge of the Company, no Plan or any fiduciary thereof with respect to any Plan has been the direct or indirect subject of an audit, investigation or examination by any Governmental Authority.

4.18.7. The Company has properly classified all individuals who have performed services for them in accordance with the applicable requirements of ERISA, the Code and other Applicable Law as common law employees, independent contractors or leased employees, as applicable, other than for such failures to classify correctly as are not likely to result in any material Liability for the Company.

4.18.8. The Company does not maintain or have any obligation to contribute to any "voluntary employees' beneficiary association" within the meaning of Section 501(c)(9) of the Code or other funding arrangement for the provision of welfare benefits. No Plan which is a group health plan is a "multiple employer welfare arrangement," within the meaning of Section 3(40) of ERISA.

4.18.9. Full payment has been timely made of all amounts which the Company is required, under Applicable Law or under any Plan, applicable collective bargaining agreement or any Contract relating to any Plan to which the Company is a party, to

have paid as contributions or premiums thereto as of the last day of the most recent fiscal year of such Plan ended prior to the date hereof and such contributions or premiums have been timely deposited into the appropriate trusts or accounts.

4.18.10. Neither the execution and delivery of this Agreement, the consummation of the transactions contemplated hereby, nor the conduct of the business of the Company by the Company Personnel (either alone or upon the occurrence of any additional or subsequent event) will (i) terminate or modify, or give any Person a right to terminate or modify, the provisions or terms of any Plan, policy, Contract, arrangement or commitment (including employment agreements), whether or not legally enforceable or (ii) result in any payment or benefits (whether of severance pay or otherwise) or any acceleration of, vesting of or increase in or funding of payments or benefits to any employee or director or former employee or director of, or other present or former provider of services to, the Company. Except as set forth on Section 4.18.10 of the Disclosure Schedule, no Plan provides for the payment of severance, termination, change-in-control or any similar type of payments or benefits.

4.18.11. No Company Personnel is entitled to any gross-up, reimbursement or other payment in respect of Taxes imposed under Section 409A or 4999 of the Code.

4.18.12. The Company has provided to Buyer true and complete copies of all material documents in connection with each Plan, including (where applicable): (i) all documents embodying or governing such Plans, together with all amendments thereto, including, in the case of any Plan not set forth in writing, a written description thereof; (ii) all current summary Plan descriptions, summaries of material modifications and material communications; (iii) all current trust agreements, declarations of trust and other documents establishing other funding arrangements (and all amendments thereto and the latest financial statements thereof); (iv) the most recent IRS determination letter, if any, obtained with respect to each Plan intended to be qualified under Section 401(a) of the Code or exempt under Section 501(a) or 501(c)(9) of the Code; (v) the annual report on IRS Form 5500 for each Plan required to file such form, with all applicable schedules and accountants' opinions attached thereto, since inception of the Company; (vi) all Contracts relating to each Plan, including service provider agreements, insurance contracts (including any fiduciary liability insurance policy or fidelity bond), annuity contracts, investment management agreements, subscription agreements, participation agreements, and recordkeeping agreements and collective bargaining agreements; (vii) the three most recent annual ADP/ACP nondiscrimination tests for any Plan intended to be qualified under Section 401(k) of the Code; (viii) any registration statement or other filing made pursuant to federal or state securities Applicable Law; (ix) all material correspondence to and from any Governmental Authority with respect to the Plans; and (x) all minutes with respect to the meetings of each Plans' administrative committee or plan administrator.

4.19. **Employee and Labor Matters**.

4.19.1. There is no (i) strike, work slowdown, lockout, work stoppage or picketing with respect to employees of the Company pending or, to the knowledge of the Company, threatened against or affecting the Company, and there have been no such troubles, (ii) grievance or arbitration proceeding arising out of collective bargaining agreements to which the Company is a party, including any claim for the management and administration of a collective bargaining agreement, (iii) collective labor dispute, notice of infraction, assessment, administrative labor proceeding, individual labor claim or any other labor dispute pending, or to the knowledge of the Company, threatened against or affecting the Company, (iv) unfair labor practice complaint pending or, to the knowledge of the Company, threatened against the Company, (v) collective bargaining agreement, collective bargaining convention, or other Union Contract to which the Company is a party, or otherwise subject, (vi) employee of the Company who is represented by a Union, (vii) activity or proceeding of any Union to organize any employees of the Company, and no demand for recognition of employees of the Company has been made by, or on behalf of, any Union, or (viii) petition that has been filed or proceedings instituted by an employee or group of employees of the Company with any labor relations board seeking representation of a bargaining representative.

4.19.2. 4.19.3. There are no Actions pending nor, to the knowledge of the Company, threatened against the Company with respect to any employee of the Company requesting severance, reinstatement, back salaries or pay or any other additional compensation as a direct or indirect result of a wrongful termination or termination with cause or alleged wrongful termination or termination with cause.

4.19.4. The Company has not, during the three-year period prior to the date hereof, taken any action that would constitute a "mass layoff" or "plant closing" within the meaning of the Worker Adjustment and Retraining Notification ("**WARN**") Act or would otherwise trigger notice requirements or liability under any state, local or foreign plant closing notice Applicable Law. No arbitration order, court decision, Judgment or Material Contract to which the Company is a party or is subject in any way limits or restricts the Company from relocating or closing any of the operations of the Company.

4.19.5. Company, as of the date hereof, no current employee has given notice of termination of employment or otherwise disclosed plans to terminate employment with the Company.

4.19.6. No Lien or "superlien" has been placed on any site owned or operated by the Company pursuant to CERCLA or any similar state, local or federal Applicable Law.

4.21. **State Takeover Statutes**. The Board of Directors has unanimously approved the terms of this Agreement and the consummation of the Merger and the other transactions contemplated by this Agreement, and such approval represents all the actions necessary to render inapplicable to this Agreement and to the Merger and the other transactions contemplated by this Agreement, the restrictions on "business combinations" set forth in Section 203 of the DGCL, to the extent such restrictions would otherwise be applicable to this Agreement, the Merger and the other transactions contemplated by this Agreement. No other state takeover statute or similar statute or regulation applies to this Agreement, the Merger or the other transactions contemplated by this Agreement.

5.3.1. The execution and delivery by Buyer and Merger Sub of this Agreement, the consummation of the Merger and the other transactions contemplated by hereunder and the compliance by Buyer and Merger Sub with the provisions of this Agreement will not (i) result in the breach of any of the terms or conditions of, or constitute a default under or violate, as the case may be, the Constitutive Documents of Buyer or Merger Sub, or any material Contract to which Buyer or Merger Sub is bound, or by which any of their respective assets or properties may be affected or (ii) violate any Applicable Law or Judgment applicable to Buyer or Merger Sub, other than any such breaches, defaults or violations that individually or in the aggregate are not likely to impair in any material respect the ability of each of Buyer and Merger Sub to perform its obligations under this Agreement, or prevent or materially impede or delay the consummation of the Merger or any of the other transactions contemplated hereunder.

Buyer's receipt of information pursuant to this Section 6.3 or otherwise shall not operate as a waiver (including with respect ARTICLE 3 or ARTICLE 8) or otherwise affect any representation, warranty or covenant in this Agreement.

6.4. **Tax Matters**.

6.4.1. The Company shall timely prepare and file any Tax Return required to be filed by the Company on or before the Closing Date, and timely pay any Tax reflected thereon. The Company will not take any position on such Tax Returns that is inconsistent with past custom and practice unless otherwise required by applicable Tax Law.

6.4.2. Buyer will prepare any Tax Return of the Company for or including a Pre-Closing Tax Period (including a Straddle Tax Period Tax Return) required to be filed after the Closing Date. All Tax Returns for a Pre-Closing Tax Period or Straddle Tax Period shall be filed in accordance with applicable Tax Law and, where not unreasonable, consistent with past practice.

6.4.3. Any Transfer Taxes shall be borne and paid [*] by the Buyer and [*] by the Company Holders. The Buyer shall timely file or cause to be filed all Tax Returns permitted to be filed by the Buyer in respect of Transfer Taxes as may be required to comply with the provisions of Tax Laws and, if required by applicable Law, the Company Holders will join in the execution of any such Tax Returns and other documentation. 6.4.4. The Company shall cause the provisions of any Tax allocation, indemnity or sharing Contract (other than Contracts that are not primarily related to Taxes entered into in the ordinary course of business) to which the Company is a party to be terminated on or before the Closing Date such that there is no liability under any such Contract following the Closing.

6.4.5. If the Company fails to deliver the certificate set forth in Section 3.2.4 and the Merger is consummated, then Buyer and the Surviving Corporation shall be permitted to treat the Company as a U.S. real property holding corporation as defined

6.4.7. Buyer shall promptly notify the Shareholders' Representative in writing upon receipt by Buyer or any of its Affiliates of notice of any Tax audit, assessment or other claim by a Taxing Authority which may affect the Taxes of the Company for any period ending on or before the Closing Date or any Straddle Tax Period, in each case, for which the Company Holders would be liable pursuant to Section 8.2. The Shareholders' Representative shall promptly notify Buyer in writing upon receipt by any Company Holder or any of their Affiliates of notice of any pending, proposed, threatened or actual Tax audit, assessment or other claim by a Taxing Authority for any period of or relating to the Company. To the extent that the Company Holders are liable pursuant to Section 8.2 for Taxes that could be payable as a result of such audit or other proceeding and such audit or other proceeding relates solely to a period ending on or before the Closing Date, the Shareholders' Representative shall have the right to control the defense in such audit or other proceeding and to employ counsel and other advisors of its choice at the Company Holders' expense; *provided, however,* that Buyer (along with counsel and other advisors of its choice) shall be entitled to participate in such audit or proceeding; and *provided*, further, that the Shareholders' Representative shall not settle or compromise any such audit or proceeding without Buyer's prior written consent (not to be unreasonably withheld, conditioned or delayed). In the event of any audit or proceeding relating to a Straddle Tax Period, Buyer shall be entitled to control the defense employing counsel and other advisors of its choice at its expense, *provided* that the Shareholders' Representative (along with counsel and other advisors of its choice) shall be entitled to participate in such defense to the extent that the Company Holders are expected to have a material liability for Taxes pursuant to Section 8.2. Buyer shall not agree to settle any tax claim for any period ending on or before the Closing Date or any Straddle Tax Period, in each case, which may affect the Taxes for which the Company Holders or their Affiliates would be liable under Section 8.2 without the prior written consent of the Shareholders' Representative, which consent shall not be unreasonably withheld, conditioned or delayed. Buyer shall be entitled to control all other Tax audits, deficiencies, claims, assessments or other proceedings.

6.4.8. For purposes of this Agreement, all Taxes of the Company that relate to a Straddle Tax Period shall be apportioned between the Company Holders and the Buyer as follows: (i) the amount of any Taxes of the Company not based upon or measured by income, activities, events, payments, the level of any item, gain, receipts, proceeds, profits or other similar items for Tax periods (or the portion thereof) ending on or before the Closing Date will be deemed to be the amount of such Taxes for the entire Tax period multiplied by a fraction, the numerator of which is the number of days in the Tax period ending on the Closing Date and the denominator of which is the number of days in such Straddle Tax Period, and (ii) the determination of any other Taxes for the portion of the year or period ending on, and the portion of the year or period beginning after, the Closing Date shall be determined by assuming that the Company had a taxable year or period which ended at the close of business on the Closing Date, except that exemptions, allowances, deductions or any other items that are calculated on an annual or periodic basis, shall be prorated on the basis of the number of days in the annual period elapsed through the Closing Date as compared to the number of days in the annual period elapsing after the Closing Date.

6.4.9. With respect to any income tax period ending on the Closing Date (including without limitation any U.S. federal income tax period that ends on the Closing Date by reason of the Company joining a consolidated group that includes Buyer), an interim closing of the books approach shall be used for apportioning income to the period ending on the Closing Date to the maximum extent permitted by applicable Tax Law.

6.4.10. The Company Holders shall be entitled to any refunds (including any interest paid thereon) of Taxes of the Company that were (i) paid by the Company prior to the Closing Date or (ii) indemnified by the Company Holders pursuant to an obligation under Article VIII, in each case to the extent attributable to taxable periods (or portions thereof) ending on or before the Closing Date, but only to the extent such refunds were not taken into account in Working Capital (as finally determined) and are not attributable to the carryback of a net operating loss, deduction or other Tax attribute of the Company from a period (or portion thereof) beginning after the Closing Date, and in each case shall be net of any Tax or other reasonable out-of-pocket costs, fees, and expenses payable or incurred by the Buyer or its Affiliates in connection with the receipt or payment over of such refund. The Buyer and its Affiliates shall reasonably cooperate with the Shareholders' Representative in obtaining any refund to which the Company Holders are entitled under this Section 6.4.10. The Buyer shall promptly forward to or reimburse the Company Holders for any amounts due to the Company Holders pursuant to this Section 6.4.10 after receipt thereof (or credit of such refund against other Taxes).

6.4.11. Subject to Sections 6.4.2 and 6.4.7 and except where required by Tax Law or resolution of a Tax audit, the Buyer shall not (and shall not cause or permit the Company to) amend, re-file or otherwise modify any Tax Return filed pursuant to Section 6.4.1 or 6.4.2, initiate any voluntary disclosure, or agree to the waiver or any extension of the statute of limitations, in each case, for the Company with respect to any Taxable period (or portion thereof) ending on or before the Closing Date, without the prior written consent of the Shareholders' Representative (which consent shall not be unreasonably withheld, conditioned or delayed).

6.5. **Insurance**. The Company shall keep all insurance policies set forth on Section 4.17 of the Disclosure Schedule, or comparable replacements therefor, in full force and effect through the Effective Time and such that such insurance policies will be in full force and effect immediately following the Effective Time; *provided*, *however*, that any such insurance policy may be amended or modified or substituted with another insurance policy (including a change in insurance carriers), so long as the coverage and limitations provided by such amended, modified or substituted insurance policy are materially the same as in the respective policy set forth in Section 4.17 of the Disclosure Schedule.

6.6. **Exclusivity**.

6.6.1. The Company shall not, and shall cause its employees, officers, directors, shareholders, Representatives and its Affiliates not to, directly or indirectly through another Person, (i) solicit, initiate or encourage, or take any other action designed to, or which would reasonably be expected to, facilitate, any Transaction Proposal or (ii) enter into, continue or otherwise participate in any discussions or negotiations regarding, or furnish to any Person any information, enter into an agreement in respect of, or otherwise cooperate in any way with, any Transaction Proposal. The Company shall, and shall direct its employees, officers, directors, shareholders, Representatives and Affiliates to, (i) immediately cease and cause to be terminated all existing discussions or negotiations with any Person conducted heretofore with respect to any Transaction Proposal and (ii) promptly after the date hereof request the prompt return or destruction of all confidential information previously furnished to such Person(s) for the purpose of evaluating a possible Transaction Proposal.

6.6.2. If the Company or any of its employees, officers, directors, or Representatives receives any Transaction Proposal, the Company shall promptly advise Buyer orally and in writing that the Company has received such Transaction Proposal and the material terms and conditions of any such Transaction Proposal (including any changes thereto) to Buyer. For the avoidance of doubt, the Company's covenant under Section 6.6.1 shall not be relieved or diminished upon the receipt of a Transaction Proposal.

6.7. **Indemnification of Officers and Directors**.

6.7.1. Subject to Section 8.10, from and after the Effective Time, Buyer shall cause the Surviving Corporation to fulfill and honor in all respects the obligations of the Company pursuant to any indemnification provisions under the Constitutive Documents of the Company as in effect on the date of this Agreement and pursuant to any indemnity agreements between the Company and such Person as in effect on the date of this Agreement (the Persons entitled to be indemnified pursuant to such provisions, and all other current and former directors and officers of the Company, being referred to collectively as the "**D&O Indemnified Parties**"). Buyer shall cause the Constitutive Documents of Merger Sub and the Surviving Corporation to contain provisions with respect to indemnification and exculpation from liability that are substantially similar to those set forth in the Company's Constitutive Documents on the date of this Agreement, which provisions shall not be amended, repealed or otherwise modified for a period of six years after the Effective Time in any manner that could adversely affect the rights thereunder of any D&O Indemnified Party.

6.7.2. Solely to the extent the Company has bound a directors' and officers' liability insurance coverage for the D&O Indemnified Parties prior to the Effective Time, the Company shall obtain, prior to the Effective Time, a prepaid extended non-cancelable reporting period endorsement or a run-off policy under the Company's existing directors' and officers' liability insurance coverage for the D&O Indemnified Parties that shall provide such D&O Indemnified Parties with coverage for six years following the Effective Time of not less than the existing coverage and have other terms not materially less favorable to the insured Persons than the directors' and officers' liability insurance coverage presently maintained by the Company (the "**D&O Tail Policy**"). Buyer shall and shall cause the Company to, (i) upon the request of Shareholders' Representative, make any claim for coverage under any such policy and take any action reasonably requested by Shareholders' Representative to obtain reimbursement for covered losses under any such policy or to otherwise enforce any such policy or any provision thereof, and (ii) notify Shareholders' Representative of any material development which affects or limits the coverage available under the D&O Tail Policy. Buyer shall be solely responsible for the cost of the D&O Tail Policy, including the amount of the premium required to be paid for the D&O Tail Policy; provided, that Buyer shall not be required to pay an aggregate amount for the D&O Tail Policy in excess of [*] of the last annual premium paid by the Company prior to the Closing. Buyer shall, and shall cause the Surviving Corporation to, maintain such policy in full force and effect, and continue to honor the obligations thereunder.

6.7.3. This Section 6.7 shall survive the consummation of the Merger and the Effective Time, is intended to benefit and may be enforced by the Company, Buyer, the Surviving Corporation and the D&O Indemnified Parties, and shall be binding on all successors and assigns of Buyer and the Surviving Corporation.

6.7.4. The provisions of this Section 6.7 are intended to be in addition to the rights otherwise available to the D&O Indemnified Parties by law, charter, statute, by-law or agreement, and shall operate for the benefit of, and shall be enforceable by, each of the D&O Indemnified Parties, their heirs and their representatives.

6.8. **Release of Claims**. Effective upon the Closing, except with respect to a claim arising out of this Agreement or any ancillary agreement, document or instrument to be delivered in connection herewith and therewith (other than in respect of claims of each Company Holder described in subclause (B) below), each Company Holder hereby unconditionally and irrevocably waives, fully releases and forever discharges the Company, Buyer, the Surviving Corporation and their past and present directors, officers, employees, agents, predecessors, successors, assigns, equityholders, partners, insurers and Affiliates (the "**Released Parties**") from, and covenants not to (a) sue or (b) participate in any civil action against any of the Released

Parties for, any and all Liabilities and Actions of any kind or nature whatsoever, in each case whether absolute or contingent, liquidated or unliquidated and known or unknown (the "**Claims**") with respect to (A) facts and circumstances existing at or prior to the Effective Time that have been or could be asserted against a Released Party in connection with the transactions contemplated by this Agreement, and (B) the allocation of the Closing Payment and the Contingent Payments pursuant to this Agreement (including with respect to the timing and the amount of such payments), and, in each case ((A) and (B)), such Company Holder shall not seek to recover any amounts in connection therewith or thereunder from such Released Parties. Such released Liabilities shall include any right to recover against the Released Parties for any indemnification claims made against or paid by a Company Holder pursuant to ARTICLE 8. Each Company Holder understands that this is a full and final release of all claims, demands, causes of action and Liabilities of any nature whatsoever, whether or not known, suspected or claimed, that could have been asserted in any legal or equitable proceeding against the Released Parties, except as expressly set forth in this Section 6.8. For the avoidance of doubt, the foregoing release shall not apply and none of the following shall be released by each Company Holder: (i) if the Company Holder is an employee of any of the Released Parties, Claims for any benefit, wages or salary earned by the Company Holder arising out of or related to the Company Holder's employment by any of the Released Parties to the extent earned and unpaid, (ii) Claims and rights of the Company Holder for indemnification and reimbursement by any of the Released Parties under the Constitutive Documents or under any Contract entered into by any of the Released Parties and the Company Holder (to the extent such Contract is set forth on Section 4.13.1(q) of the Disclosure Schedule), (iii) Claims of the Company Holder as a service provider or licensor of any of the Released Parties and (iv) Claims of the Company Holder to its right to receive the Closing Payment or Contingent Payments, as appropriate, in accordance with the terms of this Agreement, *provided* that, in each case, the Company Holder shall be subject to the no-circular recovery provisions set forth in Section 8.10. To the extent permitted by Applicable Law, each Company Holder expressly waives the benefit of any Applicable Law, which, if applied to the release set forth in this Section 6.8, would otherwise exclude from its binding effect any Claim not known by such Company Holder at the Effective Time to exist. Each Company Holder represents that it is not aware of any Claim by it other than the Claims that are waived, released and forever discharged by this Section 6.8. For the avoidance of doubt, the release set forth in this Section 6.8 is an integral part of the Merger and the transactions contemplated by this Agreement and without such release, none of the Company, Buyer nor Merger Sub would have entered into this Agreement. Further, nothing contained in this Section 6.8 shall be construed to prohibit a Company Holder from filing a charge with or participating in any investigation or proceeding conducted by the federal Equal Employment Opportunity Commission or a comparable state or local agency, *provided*, *however*, that each Company Holder hereby agrees to waive its, his or her right to recover monetary damages or other individual relief in any such charge, investigation or proceeding or any related complaint or lawsuit filed by the Company Holder or by anyone else on its, his or her behalf. Notwithstanding anything to the contrary in this Section 6.8, [*].

6.9. **No Right to Control Company Pre-Closing**. Nothing contained in this Agreement is intended to give Buyer, directly or indirectly, the right to control or direct the Company's operations prior to the Effective Time. Prior to the Effective Time, the Company shall exercise, consistent with the terms and conditions of this Agreement, complete control and supervision over its respective businesses, assets and properties.

6.10. **Confidentiality**.

6.10.1. Each Party (the "**Receiving Party**") receiving any Confidential Information of the other Party (the "**Disclosing Party**") hereunder will: (i) keep the Disclosing Party's Confidential Information confidential; (ii) not publish, or allow to be published, and will not otherwise disclose, or permit the disclosure of, the Disclosing Party's Confidential Information; and (iii) not use, or permit to be used, the Disclosing Party's Confidential Information for any purpose, except, in each case, to the extent expressly permitted under this Agreement or otherwise agreed in writing. Without limiting the generality of the foregoing, to the extent that the Disclosing Party provides any Confidential Information owned by any third party to the Receiving Party, the Receiving Party will handle such Confidential Information in accordance with the terms and conditions of this Section 6.10 applicable to a Receiving Party.

7.2. **Publicity**.

7.2.1. Buyer may issue a press release regarding the signing of this Agreement on a date to be determined by Buyer after consultation with the Company as to both the content and timing of such press release. For purposes of this Section 7.3.2 and of Section 7.1, and in the interests of clarity, Buyer shall not be required to agree to any prohibition, limitation or other requirement of the type set forth in clauses (i) through (iii) of Section 3.1.3. Neither Buyer, Merger Sub, nor any of their Affiliates shall acquire or agree to acquire, by merging with or into or consolidating with, or by purchasing a portion of the assets of or equity in, any business or any corporation, partnership, association or other business organization or division thereof, if the entering into of a definitive agreement relating to, or the consummation of such acquisition, merger or consolidation would reasonably be expected to create material risk of any Governmental Authority seeking or entering an order requiring any prohibition, limitation or other requirement of the type set forth in clauses (i) through (iii) of Section 3.1.3.

7.3.3. In the event that any Antitrust Approval is obtained but expires prior to Closing, upon Buyer's request, the Parties (other than the Shareholders' Representative) shall, as promptly as practicable (but in no event later than ten Business Days) thereafter, make such filings as are necessary or advisable to again obtain such Antitrust Approval, in accordance with Section 7.3.1, and shall otherwise comply with Section 7.3.1 as if such expired Antitrust Approval had never been obtained.

In addition, Buyer shall use commercially reasonable efforts to waive, or cause to be waived, any limitations on benefits relating to pre-existing conditions to the same extent such limitations are waived under any comparable plan of the Company and recognize for purposes of annual deductible and out-of-pocket limits under its medical and dental plans, deductible and out-of-pocket expenses paid by Continuing Employees in the calendar year in which the Effective Time occurs.

The provisions of this Section 7.7 are solely for the benefit of the parties to this Agreement, and no current or former employee, officer, director, manager or consultant, or any other individual associated therewith, shall be regarded for any purpose as a third-party beneficiary of this Section 7.7, nor is anything contained in this Section 7.7, express or implied, intended to confer upon any such individual any right, benefit or remedy of any nature whatsoever, including any right to employment or continued employment for any period of time by reason of this Agreement, or any right to a particular term or condition of employment.

7.7.5. Notwithstanding anything to the contrary contained in this Agreement, no provision of this Agreement is intended to, or does, (x) constitute the establishment of a Plan, or an amendment to any Plan, or (y) alter or limit the ability of Buyer, the Surviving Corporation, or any of their respective Affiliates to amend, modify, or terminate any employee benefit plan, agreement, arrangement, program or policy at any time assumed, established, sponsored or maintained by any of them.

Any claim for indemnification made in writing by the Indemnified Party on or prior to the expiration of the applicable survival period shall survive until such claim is finally and fully resolved.

8.2. **Indemnification of Buyer**. Subject to the limitations set forth in this ARTICLE 8, from and after the Closing, Buyer and its Affiliates (including, from and after the Closing, the Surviving Corporation) and each of their respective officers, directors, employees, shareholders, partners, members or other equity holders, agents and Representatives (each, a "**Buyer Indemnified Party**") shall be indemnified and held harmless by the Company Holders, severally (according to such Company Holder's Aggregate Payment Pro Rata Percentage) but not jointly, against any and all Losses, whether or not involving an Action instituted or asserted by a third party (each, a "**Third Party Claim**"), arising out of or directly or indirectly resulting from:

8.2.1. the breach or violation of or inaccuracy in any representation or warranty made by the Company contained in this Agreement or in any certificate delivered by the Company pursuant to this Agreement (in each case, as such representation or warranty would read if all qualifications as to materiality, including each reference to the words "Material Adverse Change", "material" and "materiality" and all similar phrases and words, were deleted therefrom other than in Section 4.9(b));

8.2.2. the breach or violation of any covenant or agreement of the Company or the Shareholders' Representative contained in this Agreement or in any certificate delivered by the Company or the Shareholders' Representative pursuant to this Agreement, whether occurring before or at the Closing but not after the Closing (other than any breach or violation described in Section 8.2.8(C));

8.2.3. any Fraud by the Company;

8.2.4. (i) any breach or violation of any covenant or agreement of any Company Holder (including under this ARTICLE 8) in or pursuant to this Agreement or any related document, certificate or instrument, including any Letter of Transmittal, Option Cancellation Agreement or Written Consent; or (ii) any failure of any Company Holder to have good and valid title to the shares of Company Capital Stock issued in the name of such Company Holder, free and clear of all Liens (the claims described in subsections (i) and (ii) of this Section 8.2.4 being hereafter collectively referred to as "**Company Holder Indemnity Events**" or each as a "**Company Holder Indemnity Event**");

8.2.5. any Action by a Company Shareholder or former shareholder of the Company, or by any other Person, seeking to assert, or based upon: (i) ownership or rights to ownership of any shares of stock of the Company; (ii) any right of a shareholder of the Company (other than the right to receive the Merger Consideration pursuant to this Agreement), including any option, preemptive right or right to notice or to vote; (iii) any right under the Certificate of Incorporation or By-laws of the Company; or (iv) any claim that his, her or its shares were wrongfully repurchased by the Company;

8.2.6. any Actions or disputes with respect to (i) the allocation or payment among Company Holders of the Merger Consideration or Option Merger Consideration pursuant to the terms of this Agreement; (ii) any claim that Schedule I or any schedule described in Sections 2.3.1(b), 2.3.1(c) or 2.3.1(d) is not true, complete and correct in all respects; or (iii) any other claims by any Company Holder or former Company Holder, in its capacity as such, against the Company or its directors, officers, or agents;

8.2.7. reliance on the authority of the Shareholders' Representative as the agent, representative and attorney-in-fact of Company Holders pursuant to Sections 2.11.5;

8.2.8. (A) any Taxes of the Company for all Pre-Closing Tax Periods (including the pre-Closing portion of Straddle Tax Periods), (B) any and all Taxes of any Person imposed on the Company, Surviving Corporation or any Affiliate (i) as a result of the Company being a member of an affiliated, consolidated, combined or unitary group prior to the Closing Date, (ii) as a transferee or successor by reason of a transaction occurring before the Closing, (iii) by Contract entered into before the Closing (other than with respect to Contracts that are not primarily related to Taxes entered into in the ordinary course of business) or (iv) otherwise (so long as such Tax described in this clause (iv) is related to the operations of the Company on or prior to the Closing Date or an event or transaction occurring before the Closing) and (C) any violation of a covenant or agreement of the Parties related to Taxes contained in this Agreement;

8.2.9. any amount paid by Buyer, the Company or the Surviving Corporation to any Company Shareholder with respect to appraisal rights under the DGCL or Dissenting Shares in excess of the value that such Person would have received in the

Merger for such Dissenting Shares had such shares been converted pursuant to Section 2.7, and all interest, costs, expenses and fees (including attorneys' fees) incurred by Buyer, the Company or the Surviving Corporation in connection with the exercise or attempted exercise of any dissenter's rights;

8.2.10. any amount required to repay Deal Fees, Change of Control Payments or the Debt Payoff Amount outstanding immediately prior to the Effective Time if and to the extent not deducted from the calculation of the Closing Payment at Closing; and

8.2.11. any amount required to repay Contingent Payment Deal Fees to the extent not deducted from the calculation of the Contingent Payment.

8.3. **Indemnification of Company Holders**. Subject to the limitations set forth in this ARTICLE 8, from and after the Closing, each of the Company Holders and each of their respective officers, directors, employees, shareholders, partners, members or other equity holders, agents and Representatives (each, a "**Company Holder Indemnified Party**") shall be indemnified and held harmless by Buyer against any and all Losses, whether or not involving a Third Party Claim, arising out of or directly or indirectly resulting from:

8.3.1. the breach or violation of or inaccuracy in any representation or warranty made by Buyer contained in this Agreement (in each case, as such representation or warranty would read if all qualifications as to materiality, including each reference to the words "Material Adverse Change," "material" and "materiality" and all similar phrases and words, were deleted therefrom);

8.3.2. any Fraud by Buyer; or

8.3.3. the breach or violation of any covenant or agreement of Buyer contained in this Agreement or covenant of the Company that contemplates performance at or after the Closing.

8.4. **Limits on Indemnification**.

8.4.1. Notwithstanding anything to the contrary contained in this Agreement, neither the Company Holder Indemnified Parties nor Buyer Indemnified Parties shall be liable for any claim for indemnification pursuant to Sections 8.2.1, or 8.3.1, as applicable, unless and until the aggregate amount of indemnifiable Losses which may be recovered from such Indemnifying Party under Sections 8.2.1 or 8.3.1, as the case may be, equals or exceeds [*] (such amount, the "**Basket**"), after which the Indemnifying Party shall be liable for Losses in excess of the Basket; *provided*, *however*, that the Basket shall not apply to breaches of, or inaccuracies in, (A) the Fundamental Representations or (B) any representations or warranties due to Fraud. Claims for indemnification pursuant to any other provision of Sections 8.2 or 8.3 are not subject to the monetary limitations set forth in this Section 8.4.1; *provided*, *however*, that in no event shall the aggregate amount of any Losses for which indemnification is provided under Section 8.3 exceed the Purchase Price plus any Contingent Payment that becomes due and payable to the Company Holders. The amount of any Losses for which indemnification is provided under this ARTICLE 8 shall be net of any amounts actually recovered by the Indemnified Party under insurance policies or contractual indemnification or contribution provisions of other agreements covering such Losses (net of the out-of-pocket costs reasonably incurred for pursuing or obtaining such insurance proceeds, deductibles and any increased premium amounts attributable to such claim). An Indemnified Party shall take commercially reasonable steps required by Applicable Law to mitigate any Losses for which indemnification is provided under this ARTICLE 8 upon becoming aware of any event that gives rise thereto. If an Indemnified Party (or an Affiliate) receives any insurance payment in connection with any claim for Losses for which it has already received an indemnification payment from the Indemnifying Party, it shall pay to the Indemnifying Party, within 30 days of receiving such insurance payment, any amount that the Indemnifying Party would not have had to pay pursuant to this ARTICLE 8 had such insurance payment been made at the time of such indemnification payment solely to avoid duplicative recovery for the same Loss, but not in excess of any amount previously so paid by the Indemnifying Party to or on behalf of the Indemnified Party in respect of such matter. The amount of Losses recoverable by an Indemnified Party under this ARTICLE 8 with respect to an indemnity claim shall be reduced by the net reduction in cash Taxes payable or paid that is actually received (including by way of a refund) by an Indemnified Party or its Affiliates with respect to the taxable year of the occurrence of the Loss giving rise to the indemnification obligation as a result of the incurrence of the applicable Loss, determined on a "with and without" basis. In no event shall any Indemnifying Party be responsible or liable for any Losses or other amounts under this ARTICLE 8 that are punitive damages (except to the extent such punitive damages are awarded to a third party).

8.4.2. [*]. Without limiting the generality of the foregoing, in no event shall any Party, its successors or permitted assigns be entitled to claim or seek rescission of the transactions consummated by this Agreement.

8.4.3. In the case of Buyer's rights to indemnification for Material Claims, for as long as there are funds available in the Indemnification Escrow Fund to cover the Buyer Indemnified Parties' indemnifiable Losses, any and all Losses payable by the Company Holders as Indemnifying Parties to the Buyer Indemnified Parties with respect to a Material Claim will be paid in cash first out of the Indemnification Escrow Fund, and in the event such Losses in respect of Material Claims exceed, or are not paid and satisfied in full from, the Indemnification Escrow Fund, the Buyer Indemnified Parties shall have the right to satisfy in full such Losses by pursuing indemnification rights and recourse directly against the Company Holders in accordance with each Company Holder's Aggregate Payment Pro Rata Percentage of the Merger

Consideration and Option Merger Consideration up to the aggregate Merger Consideration and Option Merger Consideration actually paid, or that becomes due and payable in accordance with Section 2.14, to each Company Holder.

8.4.4. Notwithstanding anything to the contrary in this Agreement or otherwise, in no event shall a Company Holder be liable under this Agreement or otherwise in connection with the transactions contemplated hereby or in connection therewith for any Losses in excess of the Merger Consideration and Option Merger Consideration actually paid, or that becomes due and payable in accordance with Section 2.14, to him, her or it.

8.4.5. In the case of Losses arising out of or resulting from Company Holder Indemnity Events, the liability of each Company Holder for Company Holder Indemnity Events shall be solely with respect to Company Holder Indemnity Events committed by such Company Holder (the "**Indemnifying Company Holder**") and not with respect to Company Holder Indemnity Events committed by any other Company Holder, and any Losses arising out of or based upon a Company Holder Indemnity Event that is satisfied from the Indemnification Escrow Fund or Buyer's right of set-off against Contingent Payments under Section 8.8, as appropriate, shall reduce the Indemnifying Company Holder's entitlement to the Indemnification Escrow Fund or Contingent Payments, as appropriate, and not any other Company Holder's entitlement to the Indemnification Escrow Fund or Contingent Payments, as appropriate; *provided*, *however*, the Buyer Indemnified Parties shall have the right, but not the obligation, to satisfy all or a portion of the Losses arising out of or relating to a Company Holder Indemnity Event by pursuing indemnification rights and recourse directly against the Company Holder that committed the Company Holder Indemnity Event without having to first resort to obtaining payment from such Indemnifying Company Holder's portion of the Indemnification Escrow Fund or exercising Buyer's rights of set-off under Section 8.8 against such Indemnifying Company Holder's portion of Contingent Payments.

8.4.6. The right of Buyer to indemnification pursuant to Section 8.2 will not be affected by any investigation conducted or knowledge acquired (or capable of being acquired) at any time, whether before or after the execution and delivery of this Agreement or the Closing, with respect to any accuracy of any representation or warranty, or performance of or compliance with any covenant or agreement herein.

8.4.7. For purposes of this Agreement, "**Material Claims**" means [*].

8.4.8. No Company Holder shall be liable to any other Person for any Losses pursuant to this ARTICLE 8 that arise out of or relate to a breach of or inaccuracy of any representation, warranty, covenant or agreement set forth in this Agreement (and the amount of any Losses incurred in respect of such breach or inaccuracy shall not be included in the calculation of any limitations on indemnification set forth herein) to the extent the Loss is actually deducted from the Closing Payment or actually included in the determination of the Final Closing Working Capital Adjustment Amount.

8.4.9. [*].

8.5. **Notice of Loss; Third Party Claims**.

8.5.1. A claim for indemnification for any matter not involving a Third Party Claim may be asserted by written notice to the party from whom indemnification is sought. Such notice shall include the facts constituting the basis for such claim for indemnification and the sections of this Agreement upon which such claim for indemnification is then based.

8.5.2. Each Indemnified Party will notify the Indemnifying Party in writing if it becomes aware of a claim for which the Indemnified Party may seek indemnification hereunder. If any Action is instituted against a Party with respect to which indemnity may be sought pursuant to Sections 8.2 or 8.3, as applicable, the Indemnified Party will give prompt written notice of the indemnity claim to the Indemnifying Party and provide the Indemnifying Party with a copy of any complaint, summons or other written notice that the Indemnified Party receives in connection with any such Action. An Indemnified Party's failure to deliver such written notice will relieve the Indemnifying Party of liability to the Indemnified Party under Sections 8.2 or 8.3, as applicable, only to the extent such delay materially prejudices the Indemnifying Party's ability to defend such claim. The Indemnified Party will permit the Indemnifying Party to participate in such Action and assume the defense and disposition thereof by negotiated settlement or otherwise (subject to this Section 8.5) with counsel reasonably satisfactory to the Indemnified Party; *provided*, *however*, that the Indemnifying Party will not have the right to assume the defense of any Action if (a) the Indemnified Party will have one or more legal or equitable defenses available to it which are different from or in addition to those available to the Indemnifying Party, and, in the reasonable opinion of the Indemnified Party, counsel for the Indemnifying Party would not adequately represent the interests of the Indemnified Party because such interests would be in conflict with those of the Indemnifying Party or (b) the Indemnifying Party has not assumed the defense of the Action in a timely fashion (but in any event within 30 days after receiving notice of such Action). If the Indemnifying Party assumes the defense of any Action, the Indemnified Party will be entitled to participate in any Action at its expense. The assumption of the defense by the Indemnifying Party will not be construed as an acknowledgment that the Indemnifying Party is liable to indemnify the Indemnified Party with respect to such Action, nor will it constitute a waiver by the Indemnifying Party of any defenses it may assert against the Indemnified Party's claim for indemnification. The Indemnifying Party will act reasonably and in good faith with respect to all matters relating to such claim and will not settle or otherwise resolve such claim without the Indemnified Party's prior written consent, which will not be unreasonably withheld, conditioned or delayed. The Indemnified Party will cooperate with the Indemnifying Party in the Indemnifying Party's defense of any claim for which indemnity is sought under this Agreement, at the Indemnifying Party's cost and expense. If it is ultimately determined that the Indemnifying Party is not obligated to indemnify the Indemnified Party from and against

such claim, the Indemnified Party will reimburse the Indemnifying Party for any Liability incurred by the Indemnifying Party in its defense of such claim.

8.5.3. Notwithstanding the foregoing, Third Party Claims with respect to Taxes that involve a Taxing Authority shall be governed by Section 6.4.7, and not the preceding Sections 8.5.1 or 8.5.2.

8.6. **Tax Treatment**. To the extent permitted by Tax Law, the Parties agree to treat all payments made under this ARTICLE 8 as adjustments to the Merger Consideration and Option Merger Consideration for all Tax purposes (other than payments to Designated Individuals).

8.7. **Remedies**. From and after the Closing, except as specifically provided herein under Section 2.13, the sole and exclusive remedy of any Indemnified Party for any and all claims arising out of or relating to this Agreement or any other document, certificate or agreement delivered pursuant hereto or the transactions contemplated herein or therein shall be indemnification in accordance with this ARTICLE 8. Notwithstanding the foregoing, this Section 8.7 shall not operate to limit the rights of the Parties to seek equitable remedies (including specific performance or injunctive relief) or any remedies available to it under Applicable Law in the event of (i) Fraud by the Company or the Buyer, in each case solely against the persons who committed such Fraud, (ii) a Party's failure to comply with its indemnification obligations hereunder and (iii) a Party's breach or violation of any covenant in this Agreement that is to be performed in whole or in part after the Closing.

8.8. **Set-Off**. In addition to all other remedies contemplated herein, Buyer may set off, deduct or retain any amount due to Buyer in respect of any claim for indemnification against any of the Company Holders pursuant to this Agreement against any payments which Buyer may be obliged to make (or procure to be made) to the Company Holders pursuant to this Agreement, including any obligation of Buyer to pay any Contingent Payment; [*].

8.9. **No Right of Contribution**. No Company Holder shall have any right of contribution against the Company or the Surviving Corporation with respect to any breach by the Company of any of its representations, warranties, covenants or agreements.

8.10. **No Circular Recovery**. Each Company Holder hereby agrees that it will not make any claim for indemnification against Buyer, the Surviving Corporation or the Company by reason of the fact that such Company Holder was a controlling Person, director, employee or Representative of the Company or the Surviving Corporation or was serving as such for another Person at the request of Buyer or the Company (whether such claim is for Losses of any kind or otherwise and whether such claim is pursuant to any statute, organizational document, contractual obligation or otherwise) with respect to any claim brought by an Indemnified Party against any Company Holder relating to this Agreement or any of the transactions contemplated hereby. With respect to any claim brought by an Indemnified Party against any Company Holder relating to this Agreement and any of the transactions contemplated hereby, each Company Holder expressly waives any right of subrogation, contribution, advancement, indemnification or other claim against the Company with respect to any amounts owed by such Company Holder pursuant to this ARTICLE 8.

8.11. **Release of Indemnification Escrow Fund**. Subject to Section 2.15.2, in accordance with the terms and conditions of the Escrow Agreement, on the Escrow Termination Date, any amounts remaining in the Indemnification Escrow Fund, minus any portion of the Indemnification Escrow Fund subject to pending claims for indemnification pursuant to this ARTICLE 8 (including any accrued or estimated fees and expenses associated with such claim), shall be released from the Indemnification Escrow Fund for disbursement to the Company Holders or to the Surviving Corporation for amounts to be paid through payroll (subject to applicable withholding), or for retention by the Surviving Corporation with respect to an amount equal to any applicable Escrow Release Tax Costs. On the Business Day immediately following the Escrow Termination Date, the Paying Agent and Surviving Corporation shall (and shall be instructed by the Shareholders' Representative and the Buyer to) pay such released amount (subject to applicable withholding and less any applicable Escrow Release Tax Costs) to the Company Holders in accordance with this Agreement and Schedule I. Subject to Section 2.15.2, any remaining portion of the Indemnification Escrow Fund, after payment and satisfaction of any and all pending claims for indemnification pursuant to this ARTICLE 8, shall be released from the Indemnification Escrow Fund for disbursement to the Company Holders or to the Surviving Corporation for amounts to be paid through payroll (subject to applicable withholding), or for retention by the Surviving Corporation with respect to an amount equal to any applicable Escrow Release Tax Costs, promptly following resolution of such pending claims.

ARTICLE 9
TERMINATION

9.1. **Termination**.

9.1.1. This Agreement may be terminated, and the Merger contemplated hereby may be abandoned, at any time prior to the Closing:

(a) by Buyer by written notice to the Company if the Shareholder Approval has not been delivered to Buyer by [*];

(b) by mutual consent of Buyer, on the one hand, and the Company, on the other hand;

(c) by Buyer, if there has been a breach by the Company of any covenant, agreement, representation or warranty contained in this Agreement which has prevented the satisfaction of any condition to the obligations of Buyer pursuant to Sections 3.1 and 3.2 at the Closing and such breach has not been waived by Buyer, or cured by the

Company within [*] after written notice thereof from Buyer; *provided* that Buyer will not have the right to terminate this Agreement pursuant to this Section 9.1.1(c) if Buyer is then in material violation or breach of any of its covenants, obligations, representations or warranties set forth in this Agreement;

(d) by the Company, if there has been a breach by Buyer of any covenant, agreement, representation or warranty contained in this Agreement which has prevented the satisfaction of any condition to the obligations of the Company pursuant to Sections 3.1 and 3.3 at the Closing and such breach has not been waived by the Company, or cured by Buyer within [*] after written notice thereof by the Company; *provided* that the Company will not have the right to terminate this Agreement pursuant to this Section 9.1.1(d) if the Company is then in material violation or breach of any of its covenants, obligations, representations or warranties set forth in this Agreement; or

(e) by either Buyer or the Company if the Closing Date does not occur by [*] (the "**Outside Date**") (*provided, however*, that (i) Buyer will not have the right to terminate this Agreement pursuant to this Section 9.1.1(e) if Buyer is then in material violation or breach of any of its covenants, obligations, representations or warranties set forth in this Agreement, (ii) the Company will not have the right to terminate this Agreement pursuant to this Section 9.1.1(e) if the Company is then in material violation or breach of any of its covenants, obligations, representations or warranties set forth in this Agreement); and (iii) the right to terminate this Agreement under this Section 9.1.1(e) shall not be available to a Party if the failure of the Merger to have been consummated on or before the Outside Date was primarily due to the failure of such Party to perform any of its material obligations under this Agreement.

9.2. **Effect of Termination**. If this Agreement is terminated and the Merger and the other transactions contemplated hereby are abandoned as described in this ARTICLE 9, this Agreement shall become void and of no further force or effect, except for the provisions of Sections 2.11.3 (Shareholders' Representative Indemnification), 6.10 (Confidentiality), 7.2 (Publicity), 7.4 (Expenses), this 9.2 (Effect of Termination), and ARTICLE 10 (Miscellaneous) (in each case including the respective meanings ascribed to the related capitalized terms in Article I (Definitions)); *provided* that nothing in this Section 9.2 shall be deemed to (a) release any Party from any liability for any breach by such Party of the terms and provisions of this Agreement or to impair the right of any Party to compel specific performance by the other Party of its respective obligations under this Agreement, and (b) nothing in this ARTICLE 9 shall limit the liability of any Party hereto for Fraud or Willful Breach, in each case, including, in the case of damages sought by the Company, damages based on the consideration payable to the Company Holders pursuant to this Agreement. For purposes of clause (b) in the foregoing sentence, Willful Breach shall mean "the breach of a covenant or obligation under this Agreement where: (w) such covenant or obligation is material to the ability of the breaching Party to timely consummate the transactions contemplated by this Agreement or otherwise perform its obligations under this Agreement; (x) the breach Party shall have materially and willfully breached such covenant or obligation; (y) the breach of such covenant or obligation shall not have been cured in all material respects; and (z) and executive officer of the breaching Party had actual knowledge, at the time of such breach of such covenant or obligation, (i) that the breaching Party was breaching such covenant or obligation and (ii) of the consequences of such breach under this Agreement." For the avoidance of doubt, Section 6.11 shall terminate upon the termination of this Agreement.

Any such notice will be deemed to have been given and received by the other Parties: (a) when delivered if personally delivered, (b) on receipt if sent by overnight courier, or (c) when confirmation of receipt is sent, if sent by electronic mail.

10.2. **Assignment**. Neither this Agreement nor any interest hereunder will be assignable by any Party without the prior written consent of the other Parties, except as follows: Buyer may, subject to Section 2.14 [*] (a) subject to the terms of this Agreement, assign its rights and obligations under this Agreement to a third party that acquires all or substantially all of the business or assets of Buyer (whether by merger, reorganization, acquisition, sale or otherwise) and agrees in writing to be bound by the terms of this Agreement; *provided* that such sale is not primarily for the benefit of its creditors and (b) assign its rights and obligations under this Agreement to any of its Affiliates, in whole or in part; and Merger Sub may assign its rights and obligations under this Agreement to Buyer or to any of Buyer's Affiliates; *provided* that Buyer and Merger Sub, as applicable, will remain primarily liable for all of its rights and obligations under this Agreement. Each Party will promptly notify the other Parties of any assignment or transfer under the provisions of this Section 10.2. This Agreement will be binding upon the successors and permitted assigns of the Parties and the name of a Party appearing herein will be deemed to include the names of such Party's successors and permitted assigns to the extent necessary to carry out the intent of this Agreement. Any assignment not in accordance with this Section 10.2 will be void.

10.3. **Consents and Approvals**. For any matter under this Agreement requiring the consent or approval of any Party, to be valid and binding on the Parties, such consent or approval must be in writing.

10.4. **Governing Law**. This Agreement, and all claims arising under or in connection therewith, will be governed by and interpreted in accordance with the substantive laws of the State of Delaware, without regard to conflict of law principles thereof; provided, however, that any and all issues concerning any Patent, including validity, infringement or enforceability of any Patent shall be resolved in accordance with the laws of the jurisdiction which granted such Patent(s).

10.5. **Consent to Jurisdiction; Enforcement**. Each of the Parties irrevocably (a) consents to the exclusive jurisdiction of the Chancery Court of the State of Delaware (or the United States District Court for the District of Delaware) for the purpose of any disputes, suits, actions or proceedings of any nature arising under, relating to, or in connection with this Agreement ("Disputes") or the negotiation, execution or performance hereof; (b) agrees that it will not attempt to deny or defeat such personal jurisdiction by motion or other request for leave from any such court; (c) agrees that service of process may be made in the manner provided for in Section 10.1 or such other manner as may be provided under Applicable Law; and (d) agrees that, except as set forth below, it will not bring any Dispute relating to this Agreement in any court other than the Chancery Court of the State of Delaware or the United States District Court for the District of Delaware. Each of the parties hereby irrevocably waives, and agrees not to assert, by way of motion, as a defense, counterclaim or otherwise, in any Dispute with respect to this Agreement, (x) any claim that it is not personally subject to the jurisdiction of the above-named courts for any reason other than the failure to serve in accordance with this Section 10.5, (y) any claim that it or its property is exempt or immune from jurisdiction of any such court or from any legal process commenced in such courts (whether through service of notice, attachment prior to judgment, attachment in aid of execution of judgment, execution of judgment or otherwise); and (z) to the fullest extent permitted by Applicable Law, any claim that (A) the Dispute in such court is brought in an inconvenient forum; (B) the venue of such Dispute is improper; or (C) this Agreement, or the subject matter of this

Agreement, may not be enforced in or by such courts. THE PARTIES EXPRESSLY WAIVE AND FOREGO ANY RIGHT TO TRIAL BY JURY. This Section 10.5 shall not apply to any dispute under Section 2.13 that is required to be decided by the Auditor. Each Party hereby waives any defenses in any action for specific performance that a remedy at law would be adequate. During the pendency of any dispute resolution proceeding between the Parties under this Section 10.5, the obligation to make any payment under this Agreement from one Party to the other Party, which payment is the subject, in whole or in part, of a proceeding under this Section 10.5, shall be tolled until the final outcome of such dispute has been established.

10.6. **Waiver**. No provision of this Agreement will be waived by any act, omission or knowledge of a Party or its agents or employees except by an instrument in writing expressly waiving such provision and signed by a duly authorized officer of the waiving Party. The waiver by any of the Parties of any breach of any provision hereof by any other Party will not be construed to be a waiver of any succeeding breach of such provision or a waiver of the provision itself. Except as expressly set forth in ARTICLE 8, the remedies provided for herein are cumulative and are not exclusive of any remedies that may be available to any Party at Applicable Law, in equity or otherwise.

10.7. **Amendment**. Except as otherwise specifically set forth in this Agreement, this Agreement may be amended by the Parties at any time, whether before or after the Shareholder Approval has been obtained; *provided*, *however*, that, after the Shareholder Approval has been obtained, there shall be made no amendment that by Applicable Law requires further approval by shareholders of either Party, without the further approval of such shareholders. No amendment, modification or supplement of any provision of this Agreement will be valid or effective unless made in writing and signed by a duly authorized officer of each Party. To the extent permitted by Applicable Law, Buyer and the Shareholders' Representative may cause this Agreement to be amended at any time after the Closing by execution of an instrument in writing signed on behalf of Buyer and the Shareholders' Representative.

10.8. **Entire Agreement**. This Agreement, together with the Disclosure Schedule and exhibits and all ancillary agreements, documents or instruments to be delivered in connection herewith and therewith, constitute and contain the complete, final and exclusive understanding and agreement of the Parties and cancels and supersedes any and all prior negotiations, correspondence, understandings and agreements, whether oral or written, among the Parties respecting the subject matter hereof and thereof, including that certain Mutual Confidentiality Agreement, dated as of December 6, 2018, by and between Company and Buyer, as amended, which is hereby superseded and replaced in its entirety as of the date hereof, and any Confidential Information disclosed by a Party under such agreement will be treated in accordance with the provisions of this Agreement.

10.9. **No Third-Party Rights or Obligations**. No provision of this Agreement will be deemed or construed in any way to result in the creation of any rights or obligations in any Person not a Party to this Agreement (except that ARTICLE 8 is intended to benefit the Buyer Indemnified Parties and the Company Holder Indemnified Parties). No covenant or other undertaking in this Agreement shall constitute the establishment or termination of, or an amendment to any Plan, or any other plan, program, policy or arrangement, and any covenant or undertaking that suggests that a Plan will be amended, shall be effective only upon the adoption of a written amendment in accordance with the amendment procedures of such Plan. Nothing in this Section 10.9 shall be construed to impair the rights and powers of the Shareholders' Representative to take or refrain from taking any action for and on behalf of the Company Holders to enforce the rights of the Company Holders under this Agreement as provided in Section 2.11.

10.10. **Counterparts**. This Agreement may be executed in any number of counterparts, each of which will be an original and all of which, taken together, will constitute the same document. Counterparts may be signed and delivered by facsimile or digital transmission (*e.g.*, .pdf), each of which will be binding when received by the applicable Party.

10.11. **Severability**. If any clause or portion thereof in this Agreement is for any reason held to be invalid, illegal or unenforceable, the same will not affect any other portion of this Agreement, as it is the intent of the Parties that this Agreement will be construed in such fashion as to maintain its existence, validity and enforceability to the greatest extent possible. In any such event, this Agreement will be construed as if such clause of portion thereof had never been contained in this Agreement, and there will be deemed substituted therefor such provision as will most nearly carry out the intent of the Parties as expressed in this Agreement to the fullest extent permitted by Applicable Law.

10.12. **English Language**. This Agreement shall be written and executed in, and all other communications under or in connection with this Agreement shall be in, the English language. Any translation into any other language shall not be an official version thereof, and in the event of any conflict in interpretation between the English version and such translation, the English version shall control.

10.13. **Representation by Legal Counsel**. Each Party hereto represents that it has been represented by legal counsel in connection with this Agreement and acknowledges that it has participated in the drafting hereof. In interpreting and applying the terms and provisions of this Agreement, the Parties agree that no presumption will exist or be implied against the Party that drafted such terms and provisions.

10.14. **Waiver of Conflicts Regarding Representation**. As of the Effective Time, Buyer hereby waives and agrees not to assert, and Buyer agrees to cause the Surviving Corporation and each of future subsidiaries to waive and not to assert, any conflict of interest arising out of or relating to any representation after the Closing (any "**Post-Closing Representation**") of the Shareholders' Representative, any Company Holders, any of their respective Affiliates or any officer, employee or director of

the Shareholders' Representative, any Company Holders or the Company (any such Person, a "**Designated Person**") in any matter involving this Agreement or any agreement, certificate, instrument or other document executed or delivered pursuant to this Agreement or any transaction contemplated hereby or thereby (including any litigation, arbitration, mediation or other proceeding and including any matter regarding the negotiation, execution, performance or enforceability hereof or thereof) by Wilmer Cutler Pickering Hale and Dorr LLP in respect of Wilmer Cutler Pickering Hale and Dorr LLP's representation of the Company prior to the Closing in connection with this Agreement (the "**Current Representation**").

10.15. **Non-Assertion of Attorney Client Privilege**. As of the Effective Time, Buyer hereby agrees not to control or assert, and Buyer agrees to cause the Surviving Corporation and each of its future subsidiaries not to control or assert, any attorney-client privilege, work product protection or other similar privilege or protection applicable to any communication between Wilmer Cutler Pickering Hale and Dorr LLP and any Designated Person during the Current Representation in connection with any Post-Closing Representation, including in connection with a dispute with Buyer, the Surviving Corporation or any of their respective Affiliates (including, after the Closing, the Company and each of its future subsidiaries), it being the intention of the parties hereto that, notwithstanding anything to the contrary in this Agreement or Section 259 of the DGCL, all rights of any Person under or with respect to such attorney-client privilege, work product protection or other similar privilege or protection, including the right to waive, assert and otherwise control such attorney-client privilege, work product protection or other similar privilege or protection, shall be (and are hereby) transferred to or retained by (as applicable), and vested solely in, such Designated Person. Notwithstanding the foregoing, in the event that a dispute arises after the Closing between Buyer, the Surviving Corporation or any of its Subsidiaries, or any of their Affiliates, and a Person not a party to this Agreement, the Surviving Corporation may assert the attorney-client privilege to prevent disclosure of confidential communications to such third party.

IN WITNESS WHEREOF, the Parties have caused this Agreement to be signed by their duly authorized representatives as of the date first written above.
